

# General Technology

## Degree Type

Associate of Applied Science

The Associate of Applied Science in General Technology program is tailored for students who plan to enter the workforce upon the completion of the degree in a chosen technical/occupational area. Each student enrolling in this degree program will be required to work with an advisor to develop a degree plan. The degree plan will indicate the Technical Certificate that the student intends to attain. The student will then select enough elective courses from the approved list to combine with required general education classes to equal at least 60 credit hours.

## English Core

*Six (6) hours required from the following:*

*Must complete ENG 1103 Composition 1*
