

A high-contrast, black and white photograph of a person in silhouette, reading a book. The person is positioned in the center-right of the frame, facing left. They are holding an open book, and their head is tilted down as they read. The background is a bright window, which creates a strong backlighting effect, silhouetting the person. To the left and right of the window are bookshelves filled with books, their spines visible. The overall mood is quiet and studious.

## Equal Opportunity

It is the policy of the University of Arkansas Community College at Batesville to prohibit discrimination of its students, faculty, and staff and to make every effort to eliminate discrimination within the UACCB community. UACCB should be a place of work and study for students, faculty, and staff, which is free of all forms of discrimination, sexual intimidation and exploitation.

UACCB is committed to providing equal opportunity for all students and applicants for admission and for all employees and applicants for employment regardless of race, color, age, gender, pregnancy, religion, national origin, marital or parental status, disability, veteran status or sexual orientation. In addition, discrimination in employment on the basis of genetic information is prohibited.

Anyone with questions regarding this policy may contact the Title IX Coordinator, the Personnel Officer, or the Vice Chancellor for Student Affairs by calling 870-612-2000 or in writing to University of Arkansas Community College at Batesville, P.O. Box 3350, Batesville, Arkansas, 72503-3350.

## General Information

### History

The two-year college is a unique American contribution to higher education, and the University of Arkansas Community College at Batesville has played an important part in this movement by providing access to education for the people of north central Arkansas since 1991, when it was reorganized as Gateway Technical College. Among the 14 vocational-technical schools converted into technical colleges and university branch campuses by an act of the Arkansas legislature, UACCB endeavors to provide quality Technical Certificate and Associate of Applied Science degree programs in occupational technical areas, a college parallel transfer curriculum including Associate of Arts, and Associate of Science degrees, customized training for business and industry, continuing education programs for life-long learning and personal enrichment, and adult education. In October 1997, Gateway Technical College merged with the University of Arkansas System and with the passage of a county sales tax became the University of Arkansas Community College at Batesville in March 1998. UACCB is accredited by the Higher Learning Commission.

Since UACCB's conversion to an institution of higher education, the faculty, staff, and board of visitors have worked diligently to fulfill its mission of expanded service. New courses and programs of study have been added throughout the Industrial Technologies, Health Occupations, Business, and General Education curricula. Renovation and expansion of the campus has also been an important part of the UACCB mission. In the summer of 1999 the appearance of the campus changed drastically. An 11,000 square foot Arts and Sciences Building, main entrance signs, an arched walkway attached to the Main Classroom Building, landscaping, additional parking lots and campus infrastructure were completed.

Independence Hall, a 37,375 square foot Conference/Student Center was completed in spring 2001. In 2002, the College invested in the utilities infrastructure on the newly acquired 25 acres east of the original campus property, connected the properties with a traffic bridge and constructed a new 14,000 square foot consolidated Plant Maintenance Facility. That summer the former Business and Community Outreach building was renovated and now houses the Adult Education Center. The renovation of the building brought it in line with the campus motif and provided an added 1,000 square feet to the structure.

In the summer of 2003, the College renovated a 1,000 square foot storage building into an academic classroom and offices, which now houses the Fine Arts and Education programs. In the spring of 2004, the Stuart Patterson Memorial Gazebo was built on the west bank of Pfeiffer Creek and construction began on a 17,400 square foot Library/Academic Building. As part of this building project, a new parking lot, completion of the main entryway on the east side of the campus, and a pedestrian bridge were added. In January 2005, the Library/Academic Building was named the Roy Row, Sr. and Imogene Row Johns Library and Academic Building. Ms. Imogene Row Johns contributed the largest private gift ever to UACCB in honor of her late husband.

The 40,669 square foot Nursing and Allied Health building, located on the east side of campus, opened during the Fall 2011 semester. It is UACCB's first two-story building and includes eight classrooms, a 200 seat lecture hall, four clinical labs and faculty offices.

In January 2015, the first cosmetology students began classes in the Cosmetology Building. The facility includes both classroom and clinical space.

In March 2018, UACCB received secondary area career center status from the Career Education and Workforce Development board. The College completed construction on a state-of-the-art Workforce Training Center in 2020 that includes areas for career and technical education, a makerspace and a business and industry meeting room.

UACCB has a bright future and will strive to provide even greater educational opportunities for the citizens it serves.

## Mission, Vision, and Values

### Mission

The mission of UACCB is to improve lives by empowering the people of North Central Arkansas through education and skills development.

### Values

At UACCB we value:

Caring- We engage with respect and compassion to foster a sense of belonging.

Integrity- We commit to accountability, transparency, and trust.

Learning- We promote lifelong curiosity, knowledge, and discovery.

Transformation- We drive advancement through innovation and resilience.

### Vision

The vision of UACCB is to empower people to thrive through organizational excellence, student success, economic prosperity, and service to community.

## General Education Philosophy

The term "general education" at UACCB refers to providing opportunities for students to acquire a body of knowledge and skills held to be relevant to living and working in a diverse society in the twenty-first century. The College has established a required core of general education courses in both its associate degree and technical certificate programs. UACCB also offers general education courses designed to meet the legislative requirements of the State Minimum Core for Associate of Arts and Associate of Science programs.

The general education curriculum is the primary avenue through which students improve their ability to think, reason, compute, communicate, and adapt to change. UACCB faculty and staff are committed to reinforcing, enhancing, and supporting the knowledge and skills acquired through this body of courses and are further committed to introducing general skills and knowledge not necessarily covered in depth in other classes.

The UACCB general education curriculum will provide each student the opportunity to:

1. Improve communication skills, which include listening, speaking, writing, and reading.
2. Increase proficiency with computation skills including understanding and applying mathematical concepts and reasoning as well as analyzing and using numerical data.

3. Increase proficiency in critical thinking and problem-solving skills such as creative thinking, analysis, synthesis, evaluation, and decision making.
4. Develop technological and information management skills, including the collection, analysis and organization of material from varied sources.
5. Develop professional work habits, ethics, and interpersonal skills.

The General Education Program for Associate of Applied Science students is designed to be completed in the first three semesters of full-time attendance. The requirements in English and mathematics are to be met before 30 hours of technical course work are completed.

## Accreditation and Program Approvals

### General Accreditation and Approval Information

UACCB Accreditation and Approval Contact Information is available on the UACCB website at [Accreditation and Approval | University of Arkansas Community College | Batesville, AR \(uaccb.edu\)](#)

# Admission and Enrollment Information

---

## Admissions Process

## Admission Policy

### Campus Procedure 500.1 Admissions Policy and Requirements

The University of Arkansas Community College at Batesville welcomes all individuals who meet the following criteria:

1. All students must have
  - a. Have a high school diploma from an accredited high school or home school; **OR**
  - b. Have a General Educational Development® diploma (GED); **OR**
  - c. High school, home school, or GED students who meet the requirements for Concurrent or Dual Enrollment
2. In addition, all students must have
  - a. A composite score of 15 or higher on the ACT; or
  - b. An average score of 220 or higher on the Accuplacer to be admitted in Reading, Writing, Quantitative Reasoning, Algebra, and Statistics (QAS).

To complete the application for admission process, students must submit the following information to the Welcome Center prior to registration:

- A completed application for admission.
- An official transcript of high school grades, credits, and date of graduation and/or college work; or GED transcript.
- Proof of two (2) immunizations against measles, mumps, and rubella (MMR). The first immunization dated at least one year after date of birth. Individuals born before January 1, 1957 are exempt from the MMR requirement.
- ACT, Accuplacer, or SAT scores.

*Home school students must submit a home school transcript, GED transcript, or meet the minimum test score requirements for admission, along with other documents listed above.*

## Immunization Record Waiver

Act 141 of 1987 requires that all entering part-time and full-time students must provide the college proof of two (2) measles, mumps and rubella (MMR) immunizations according to the guidelines specified under the admissions requirements unless approved for a waiver based on the following criteria:

- Religious or philosophical reasons
- Medical conditions

To obtain an immunization record waiver, the student may visit the Arkansas Department of Health website at [www.healthy.arkansas.gov](http://www.healthy.arkansas.gov) and complete the online application. **Waivers must be renewed each academic year.** Immunization records are generally available from the student's family physician, the student's public school records, or county health departments. Specific programs may require additional immunizations and must be submitted to the program director. Check individual programs for more details.

## Conditional Admission

### Campus Procedure 500.0 Conditional Admissions Policy and Requirement

A student admitted unconditionally is a student admitted to the institution without requirements, conditions, or restrictions placed on initial enrollment status.

To receive unconditional admissions, the student must have:

1. A high school diploma, have successfully completed the high school core curriculum, and a minimum composite score of 15 on the ACT.
2. A minimum composite score of 19 on the ACT.

### **Conditional Admissions**

All students graduating after May 1, 2002, from Arkansas high schools, out-of-state schools, home schooling, or private high schools and GED recipients shall be evaluated for the purpose of determining conditional, unconditional, conditional-prep admissions status. Act 1290 of 1997 (A.C.A. § 6-60-208) requires students to have completed the core curriculum or an equivalent standard for unconditional admission to a college.

## **Admission Status Types**

### **First Time Freshman**

A student has completed high school or secondary school and not taken a college or university course (excluding concurrent high school/college courses) is considered a freshman for purposes of admission and must meet regular admission requirements.

### **Readmission Student**

Students who wish to return to UACCB after an absence of one regular semester (excluding summer terms) must meet the following guidelines:

- Re-apply by completing a new application for admission.
- Have a complete admissions file including official transcripts reflecting any additional credit earned from schools attended during the absence from UACCB.
- Fulfill updated immunization requirements.
- Meet terms and conditions of the catalog under which they re-enroll.

### **High School/UACCB Concurrent Enrollment**

Qualified students are encouraged to enroll in UACCB's Concurrent Enrollment program, which allows high school students to enroll in college classes offered at their respective high school campuses. When a high school student successfully completes a course, UACCB awards and records college credit on an official transcript. Such credit will count towards graduation from UACCB if the course(s) taken is (are) a requirement of the degree program the student seeks. The student also receives high school credit awarded by his or her high school and applied toward requirements for high school graduation. Students and their parents are responsible for paying for these courses.

**Qualifications:** A qualified high school student is one who:

- Has successfully completed the eighth grade
- Completes an application for admission
- Must be non-degree seeking
- Submits test scores from the ACT, SAT, Accuplacer, or ASPIRE 10 tests
- Possesses a high school grade point average no lower than a cumulative 3.0 on 4.0 scale. If the student does not have at least a 3.0 GPA, he or she must have written permission from the high school counselor or principal.
- Meets all placement test score and prerequisite requirements for the course as outlined in the UACCB catalog
- Submits an official high school transcript
- Submits a letter of recommendation from the student's high school principal, superintendent, or counselor (must submit updated letter each semester of enrollment)
- Submits proof of two (2) immunizations against measles, mumps, rubella (MMR)

**Academic Standards:** Concurrently enrolled students are expected to meet the same standards of achievement as the traditional student body of the institution.

The UACCB High School Liaison is responsible for verification that a high school student is eligible for concurrent enrollment. The Vice Chancellor for Student Affairs and the Chancellor are the only institutional officials authorized to make exceptions to the above requirements.

### High School/UACCB Dual Enrollment

Dually enrolled students are high school students who are enrolled in UACCB classes offered on the UACCB campus. Dual Enrollment students must meet the same qualifications as the Concurrent Enrollment students. Awarding of high school credit for classes successfully completed as a Dual Enrollment student is at the discretion of the student's high school administration. Students and their parents are responsible for paying for these courses.

**Academic Standards:** Dually enrolled students are expected to meet the same standards of achievement as the traditional student body of the institution.

### Lyon College/UACCB Tuition Exchange Collaborative (TEC)

UACCB and Lyon College have entered into a cooperative agreement that allows students to begin their higher education at UACCB with the intent to transfer to Lyon College to complete their bachelor's degree. Students will ordinarily be assured of receiving a transfer scholarship if they complete an associate degree at UACCB with at least a cumulative 2.75 GPA on a 4.0 scale.

In addition, the program offers an opportunity for course exchange. UACCB students can petition to take a class at Lyon College while a student at UACCB. Students approved to take a class will pay tuition at UACCB. Lyon College tuition will be waived under this exchange program. Each institution shall set eligibility guidelines for its students to participate in the exchange. Students must be enrolled full time at their home campus in order to participate in the agreement. For more details regarding opportunities, please contact the Welcome Center at UACCB or the Office of Admissions at Lyon College.

### Transfer Student

A student that has attended another institution of higher learning and plans to enroll at UACCB is considered a transfer student. The transfer student is required to submit the following for admission at UACCB:

- UACCB application for admission
- Official high school transcript or GED transcript (Students who transfer twelve (12) or more credit hours earned are waived from this requirement.)
- Proof of two (2) measles, mumps, and rubella (MMR) immunizations. The first shot must be dated at least one year after the first birthday. **Students who do not submit adequate immunization records within the first 30 days of the semester are subject to administrative withdrawal for noncompliance with state statute.**
- Official ACT, Accuplacer, or SAT scores. (Students who transfer English and math credit are waived from this requirement.)
- Official copy of college transcripts from all colleges attended

*Transfer students with a cumulative GPA of less than 2.0 may be admitted on academic probation. Transfer students must be eligible to return to the institution from which they are transferring, or the student must have been separated from all academic institutions for at least one semester (excluding summer terms).*

### Visiting Student

A visiting student is a student seeking a degree at another college or university and is also taking classes at UACCB. The student with this status may take classes at UACCB during a regular semester or summer term. The intent of taking courses at UACCB is to transfer the UACCB academic work back to their home institution. It is the responsibility of the students to verify with their home institution for approval of such course work to be applied toward graduation requirements. Visiting students do not qualify for federal financial aid, and must meet all placement score and prerequisite requirements for courses as outlined in the UACCB catalog.

### Qualifications:

- Submit a UACCB application for admission
- Submit an immunization record showing two immunizations for measles, mumps, and rubella (MMR)

- Submit a letter of good standing from the institution in which they are enrolled full time or a current official transcript.

### Personal Enrichment

A part-time student who does not plan to enroll in a degree or certificate program or who has no plans to transfer credit to another institution may be permitted to enroll as a personal enrichment student. He/she may be admitted upon submission of an application for admission and immunization records without a transcript(s) of previous work and shall be classified as a personal enrichment student.

Students attending under this designation may not register as full-time students. If a student should later desire to have credit validated toward a degree or certificate program, he/she must meet unconditional admission requirements or petition the Dean of Enrollment Services for validation of credit and official admission and petition the Office of Student Information/Registrar for validation and application of credit toward such degree.

### Career Development

This category is for students who are taking credit classes but are not seeking a degree or certificate. Under normal circumstances, a student will not remain in this category if he or she has accumulated more than 15 credit hours. No testing is required unless the student is planning to take English, math, or a course requiring certain identified skill levels.

- Submit a UACCB application for admission.
- Submit an immunization record showing two (2) immunizations for measles, mumps, and rubella (MMR).

### International Student

All international students must meet the same admissions criteria as required of U.S. citizens, complete all paperwork required by the U.S. Citizenship and Immigration Services, and provide evidence of adequate financial support prior to being allowed to enroll in classes at the College. Foreign born students must also submit a negative tuberculosis test result from a testing performed within the last six months or appropriate treatment for positive skin test result. Students from non-English speaking countries are required to submit TOEFL scores (a minimum score of 500 for paper-based exam, a minimum score of 173 for computer based, or minimum 61 internet-based Test of English as a Foreign Language TOEFL exam) or International English Language Testing System (IELTS) scores (minimum score of 5.5), before being unconditionally admitted to the College.

Students who have entered the United States on either a Student Visa (F-1) or a Visitor Visa (B-1 for business or B-2 for pleasure) may not be allowed to enroll in any ESL course receiving public funds. A special provision is made for a student who enters the United States on a visitor visa if that student is the relative of someone who is a permanent resident of the local program's community. In this case the student may enroll in adult education and literacy classes for the limited time of the person's visitor visa if there is space available in the class.

International students interested in attending the College should contact the Welcome Center for more information.

## Acceptance of Transfer Credit

Transfer of credit may be accepted from students who provide official transcripts with a current post date from institutions fully accredited by an approved national or regional accrediting agency, if these credits fit the program of studies selected at UACCB and the student received a grade of "C" or higher. The college will not accept developmental courses for transfer except when the course serves as a prerequisite or for placement. The College reserves the right to deny credit for certain classes that are more than five years old. Official transcripts should be submitted to the Welcome Center. Final approval of transfer credits rests with the Vice Chancellor for Academics. Transfer credit will be indicated on the student's UACCB transcript; transfer credit is not calculated as a part of the student's cumulative GPA. Documents received from other institutions are the property of UACCB and cannot be re-issued or copied. Transfer students from other institutions must meet the general admission requirements of UACCB. Transfer students seeking a UACCB degree must adhere to the graduation requirements.

- **Associate of Applied Science Degree** – A student must complete a minimum of 24 credit hours toward the degree at UACCB.
- **Associate of Arts Degree** – A student must complete a minimum of 24 credit hours toward the degree at UACCB.
- **Associate of Science Degree** - A student must complete a minimum of 24 Credit hours toward the degree at UACCB.
- **Technical Certificate** - A student must complete a minimum of 15 credit hours toward the degree at UACCB. These credits must be earned as a regular student rather than by test-out or other means of advanced placement.
- **Certificate of Proficiency** – A student must complete a minimum of 6 credit hours toward the degree at UACCB. These credits must be earned as a regular student rather than by test-out or other means of advanced placement.

The student may submit course descriptions and/or syllabi of transfer courses if there is any question concerning the acceptance of credits. The college reserves the right to revise any credit awards upon receipt of additional information.

## Arkansas Course Transfer System (ACTS)

The Arkansas Course Transfer System contains information about the transferability of courses within Arkansas public colleges and universities. Students are guaranteed the transfer of applicable credits and the equitable treatment in the application of credits for the admissions and degree requirements. Course transferability is not guaranteed for courses listed in ACTS as “No Comparable Course.” Additionally, courses with a “D” frequently do not transfer and institutional policies may vary. ACTS may be accessed by going to the [ADHE website Course Transfer page](#).

## Basic Skills Requirements

Arkansas state law requires that all students enrolling in state supported colleges and universities must demonstrate mastery of basic skills in English, reading, and mathematics. All basic skills courses must be completed with a grade of “C” or better before a student can complete an associate degree or technical certificate program. Students who are admitted to the College but who score below established levels on the placement tests, as described in the Placement Policy, will be required to successfully complete basic skills courses. Basic skills and/or preparatory courses may not be used to fulfill any degree/technical certificate or elective course requirement in a program of study.

## Satisfactory Completion of Basic Skills

Satisfactory completion of basic skills courses requires the student to earn a grade of “C” or better. Students who do not successfully complete basic skills courses will be required to re-enroll in those courses. Students must be on track to complete basic skills requirements within the first 30 hours of coursework. If, at the end of that time period, the student has not completed all basic skills course requirements, he/she will not be allowed to enroll in any other course until the requirements have been met.

## Placement Policy

### [525.0 - Placement Policy](#)

The purpose of this policy is to identify the process by which students are placed in the appropriate level English, reading, and mathematics courses. Arkansas state law requires that all first-time entering degree or technical certificate-seeking students demonstrate proficiency in these areas or be placed in courses/programs that will help students prepare for college-level coursework. The minimum test scores used for placement were established by the Arkansas Division of Higher Education. A student may retest on one or more sections of a placement exam after a minimum of 14 days in order to allow time for the person to study before attempting the exam again. Placement score requirements are as follows:

## Reading Course Placement

Course	ACT Reading	Accuplacer Next Generation Reading	GED Reasoning Through Language Arts
College Level Courses	19-36 - or - 13-18 w/ Approved High School GPA <sup>1</sup>	237-300	Minimum of 165 Reasoning Through Language Arts

## GED College Ready + Credit

In 2019, UACCB adopted the GED College Ready and College Ready + Credit programs.

Through the GED College Ready program, those who have taken General Education Development, have scored a minimum of 165 and have demonstrated skills that are consistent with those required to be college and career readiness standards may earn a high school equivalency credential and be eligible to enroll directly in credit-bearing courses at UACCB.

Through the GED College Ready + Credit program, those who have taken GED and have scored a minimum of 175 and demonstrate some of the skills that are taught in college-level courses may be eligible for up to three credits in math, three credits in science, three credits in social studies, and one credit in English.

Credit is awarded as follows:

Title	College Ready Score	Plus Credit Score	# of Credits	Course
The 2014 GED® Test: Reasoning Through Language Arts College Ready +Credit	165 and above	175 and above	1 semester hour	UNIV 10071 - Foundations of Personal Finance
The 2014 GED® Test: Mathematical Reasoning College Ready +Credit	165 and above	175 and above	3 semester hours	MATH-11003 - College Algebra
The 2014 GED® Test: Science College Ready +Credit	165 and above	175 and above	3 semester hours	PHSC 10043 - Physical Science (Lecture Only)

## Selective Service Registration

The Arkansas 81st General Assembly enacted Act 228 of 1997 requiring all persons to register with the Selective Service System in accordance with the provisions of the Military Service Act, as a condition for enrollment in a public institution of higher education. Applicants are required to certify one of the following:

The applicant is registered with the Selective Service System.

The applicant is not required to register with the Selective Service System because of one of the following:

- Under 18 years of age
- On active duty in the armed forces of the United States, other than a reserve or National Guard unit
- Female
- A legal alien
- A permanent resident of the Trust Territory of the Pacific Islands or the Northern Mariana Islands or
- Excused for another reason provided by federal law.

## New Student Orientation

### [UACCB Operating Procedure 500.2 New Student Orientation](#)

All students enrolling in six (6) or more credit hours as a first-time UACCB student or a re-admitted student who has not attended UACCB within the last five years will be required to attend a New Student Orientation (NSO) session. Sessions are offered in-person or online. The following students are excluded from an NSO session:

- High school students
- Lyon College/UACCB Tuition Exchange Collaboration students (TEC)
- Non-degree seeking students
- Students who have obtained 24 or more transferrable college-level hours
- Visiting students (students enrolled full-time at another institution and taking two or more classes at UACCB)
- Students accepted into specialized programs in which orientation is included

Questions may be addressed in the Welcome Center.

Any student currently enrolled may choose to attend orientation.

## Nursing Program Applicant Information

For complete information on application process and requirements for the nursing programs, please visit <https://www.uaccb.edu/nursing>.

## Tuition and Fees

When a student registers for classes, a bill will be generated. The student is responsible for payment of this bill within the time schedule set in the academic calendar. In some cases the payment will be due at the same time a student registers for classes.

Any financial aid for which a student may qualify will first be applied as payment or partial payment for this bill. In some cases, the student may receive a refund later in the semester. Other payment options include cash, check, money order, credit card and installment plan.

Questions regarding payment should be directed to the [Business Office](#). If payment arrangements are not made prior to the due date, late payment fees may apply.

A student's residency status for tuition purposes is determined at the time of admission according to the policy established by the University of Arkansas Board of Trustees. "In-district" residents are legal residents of Independence County. The student shall be admitted to UACCB as "in-state" for fee purposes if, at the time of admission, they have established a bona fide domicile in Arkansas and have resided continuously in this state in that bona fide domiciliary status for at least six consecutive months prior to the beginning of the term or semester for which fees are paid.

## Refund Policy

Failure to attend class does not constitute withdrawal. The appropriate withdrawal process must be followed. Failure to withdraw from classes appropriately may result in owing the college and/or federal government repayment of federal funds. Class days are identified on the [academic calendar](#).

Members of the military who receive orders which transfer them out of the area for a prolonged period or members of the National Guard or Reserves who are called to active duty, when such transfer interferes with class attendance, may request a full refund of tuition at any time during the semester. Documentation of orders for transfer must be provided prior to refund being granted. The College has a proration refund policy for students receiving VA benefits. Students receiving VA benefits must request that the prorated refund policy be used for tuition reimbursement.

The college refund policy is subject to change if required by federal regulation or the UA Board of Trustees. Appeals of the refund policy must be submitted in writing to the UACCB Administrative Cabinet.

## Fall and Spring

Any student who drops a course or officially withdraws from the college during a fall or spring semester shall be entitled to a refund as follows (**online courses follow the same refund period as on-campus classes**):

### Tuition and Fees

1. Up to and including the eleventh class day of the term	100%
2. The twelfth class day of the term and after	No Refund

## Summer or Special Terms

Any student who drops a course or officially withdraws from the college during a summer semester or special term shall be entitled to a refund as follows (**online courses follow the same refund period as on-campus classes**):

### Tuition and Fees

1. One to four weeks courses:

(a) Prior to the start of classes	100%
(b) Up to and including the first class day of the term	100%
(c) No adjustments after the first class day of the term	

2. Five or six week courses:

(a) Prior to the start of classes	100%
(b) Up to and including the second class day of the term	100%
(c) No adjustments after the third class day of the term	

3. Seven to nine week courses:

(a) Prior to the start of classes	100%
(b) Up to and including the third class day of the term	100%
(c) No adjustments after the fourth class day of the term	

4. Ten or twelve week courses:

(a) Prior to the start of classes	100%
(b) Up to and including the fifth class day of the term	100%
(c) No adjustments after the sixth class day of the term	

The college will follow the refund policy for five or six week sessions when the summer or special term is more than four weeks but less than five weeks.

## Tuition Waiver Policy

Tuition Waivers for **credit classes** may be granted for course work at UACCB. Proper documentation must be submitted to qualify for the waiver. The following students are eligible for tuition waivers:

- **Senior Citizen Waivers** – Tuition for students age 60 and older is waived. Individuals under this policy must pay all miscellaneous fees that may be required. Enrollment with the senior citizen waiver is limited to a “space available” basis. Tuition waivers do not apply to online courses or competitive admission programs. Examples of competitive admission programs include Registered Nursing, Practical Nursing and Cosmetology.
- **Children of policemen and firemen killed or permanently disabled in the line of duty** – Children of policemen or firemen killed or permanently disabled in the line of duty in Arkansas are eligible for waivers of tuition. Benefits are limited to duration of four years or until the age of 25, whichever comes first. Tuition waivers **do not** apply to online courses.
- **Full-time employees and their dependents** – Tuition remission for full-time employees of the University of Arkansas Community College at Batesville and members of their immediate family may be granted in accordance with UA Board Policy 440.1 and Administrative Memorandum 445.1. “Immediate family” is defined as spouses and dependent children. Dependency must meet the definition of dependency established by the current year Internal Revenue Service regulations.
- **State police officers and their dependents (Act 291 of 2007)** - Tuition remission for certain police officers and their dependents in accordance with Act 291 of the 86th General Assembly of the State of Arkansas is as follows: Covered police officers include: any employee of the Department of Arkansas State Police who holds the rank of state trooper or a higher rank; any highway police officer who is an employee of the Arkansas Highway Police Division of the Arkansas State Highway and Transportation Department; any officer of the State Capitol Police; or any wildlife officer of the Arkansas State Game and Fish Commission, all of whom have been employed by these agencies for ten (10) or more years. This does not include civilian employees or a person temporarily employed as a covered police officer due to an emergency situation. Dependent means any natural child, stepchild or adopted child of a covered police officer and any individual of whom a covered police officer is the legal guardian. Allowance of tuition waivers is dependent upon the decision of the covered police officer’s employer and is subject to guidelines as set forth by the employer.
- **Military Waiver (Act 1011 of 2013)** – Arkansas National Guard Soldiers and Airmen may be eligible for National Guard Tuition Assistance (NGTA). Please contact the UACCB’s Veterans’ Affairs Representative for more information.
- **Fees for Members of Armed Forces, Veterans & Dependents** – To be compliant with requirements of 38 U.S.C. 3679 as amended, the following individuals shall be charged a rate of tuition not to exceed the in-state rate for tuition and fees purposes:
  - A veteran who was honorably discharged or released from a period of not less than ninety (90) days of active duty in the military, naval, or air service within three (3) years before the date of enrollment in a program of study.
  - A dependent<sup>1</sup> or spouse of a veteran under paragraph 1.
  - A member of the armed forces.
  - A dependent of a member of the active duty armed forces, when the member of the armed forces:
    - is stationed in the State of Arkansas pursuant to permanent change of station (PCS) military orders
    - is continuously domiciled in Arkansas for at least six consecutive months before entering active military service and who maintains Arkansas as the permanent home of record while on active military duty, or
    - demonstrated a change of bona fide domicile from another state to Arkansas at least twelve consecutive months prior to separation, discharge, or retirement from active military duty. This provision is forfeited if the military person does not return to Arkansas within 36 months after separation, discharge, or retirement from active duty.
  - A veteran using education assistance under either Chapter 30 (Montgomery G.I. Bill™— Active Duty Program) or Chapter 33 (Post-9/11 G.I. Bill™), of Title 38 of the United States Code, who lives in the State of Arkansas while attending a school located in the State of Arkansas (regardless of his/her formal state of residence) and enrolls in the school within three years of discharge from a period of active duty service of 90 days or more.

- A spouse or child using transferred Post-9/11 G.I. Bill™ benefits (38 U.S.C. §3319) who lives in the State of Arkansas while attending a school located in the State of Arkansas (regardless of his/her formal state of residence) and enrolls in school within three years of the transferor's discharge from a period of active duty service of 90 days or more.
- A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. §§3311(b)(9)) who lives in the State of Arkansas while attending a school located in the State of Arkansas (regardless of his/her formal state of residence) and enrolls in the school within three years of the Service member's death in the line of duty following a period of active duty service of 90 days or more.
- A person who initially met the requirements set forth in paragraphs 6,7, or 8 will maintain "covered individual" status as long as he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the same school even if he or she is outside the three-year window or enrolls in multiple programs. For purposes of a student who is eligible for in-state tuition solely under sections 6,7, or 8 above, that person must have enrolled in the school prior to the expiration of the three year period following discharge or death described above in sections 6,7, or 8 and must be using education benefits under either Chapter 30 or Chapter 33 of Title 38 of the United States Code.
- A member of the armed forces or "covered individual" as identified in Section 702 of the Veterans Access, Choice and Accountability Act of 2014.
- In accordance with Title 38 US Code 3679©, this educational institution adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post9/11 G.I. Bill™ (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from VA. This educational institution will not:
  - Prevent the student's enrollment
  - Assess a late penalty fee to the student
  - Require the student to secure alternative or additional funding
  - Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution

However, to qualify for this provision, such students may be required to:

- Produce the VA Certification of Eligibility (COE) by the first day of class
- Provide a written request to be certified
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

<sup>1</sup> For the purpose of this policy, dependents are unmarried children who are legal dependents of the military person as defined by the IRS.

## Financial Aid

---

### Eligibility and Application for Federal Financial Aid Programs

#### General Requirements

A student is eligible to apply for financial assistance through Title IV programs (Federal Pell Grant, Federal Supplemental Education Opportunity Grant, Federal Direct Loan, Federal Plus Loan, or Federal College Work Study) if the following criteria are met:

1. The applicant completes the Free Application for Federal Student Aid (FAFSA). Students must complete the FAFSA each year.
2. The applicant is a U.S. citizen or an eligible non-citizen.
3. The applicant is an unconditionally admitted student enrolled at UACCB.
4. The applicant is seeking an associate degree or a technical certificate.
5. The applicant maintains Satisfactory Academic Progress.
6. The applicant is not in default on a Guaranteed Student Loan (GSL) and/or does not owe a repayment to a Title IV program at any institution.

## How to Apply for Federal Financial Aid Programs

Students must complete and submit a *Free Application for Federal Student Aid* (FAFSA) each year to apply for federal student financial aid and to apply for most state and college aid. This application is used to determine eligibility for Financial Aid Programs.

To apply for financial aid, complete the FAFSA online at [www.studentaid.gov](http://www.studentaid.gov). The Federal School code for UACCB is 014042. Certain types of aid are awarded on a first-come, first-served basis to those demonstrating need. All participants are encouraged to apply as early as possible.

## Federal Financial Aid Programs

The Free Application for Federal Student Aid (FAFSA) must be processed to determine eligibility for the following federal financial aid programs:

### Federal Pell Grant

A Federal Pell Grant is awarded to help undergraduate students pay for their education after high school. In compliance with the Federal Pell Grant Program, an undergraduate is one who has not earned a bachelor's or professional degree. This grant program provides a "foundation" of financial aid for many students to which aid from other federal sources may be added. Unlike loans, grants do not have to be repaid. The amount awarded will depend on the Student Aid Index (SAI), on the cost of education, enrollment status, and whether or not attendance is for a full academic year or less.

### Federal Supplemental Education Opportunity Grant

The FSEOG is a grant intended to supplement other aid received. These grants are federally funded with each school receiving a fixed amount each year. Therefore, funds are awarded to a limited number of undergraduate students with exceptional financial need. FSEOG awards do not have to be repaid and usually range from \$400 to \$600 per academic year depending on the availability of funds.

### Federal Direct Loan

The Federal Direct Loan (can also be a Stafford Loan) is available through the William D. Ford Direct Loan Program to help students pay for their college education. There are two types of Direct loans, subsidized and unsubsidized.

Eligibility for subsidized loans is based on financial need as determined by federal guidelines. The federal government pays the interest for subsidized loans while the student is enrolled at least half time and during the six-month grace period after the student ceases attendance on at least a half-time basis.

With an unsubsidized loan, the student is responsible for all interest that accrues while attending school and during the six-month grace period. A student may choose to pay only the interest portion while in school, which would keep the loan balance at principal. If a student chooses to defer such payments, the interest will be capitalized, resulting in an increase in both total debt and the amount of monthly payments. Loan repayment begins six months after the student graduates or ceases to be enrolled at least half-time.

All borrowers must complete Online Entrance Counseling and a Master Promissory Note prior to the first loan disbursement. All borrowers must also complete Online Exit Counseling upon graduation or termination of enrollment. All federal loan funds must be repaid according to the terms specified in the master promissory note.

## Federal Parent Plus Loan

Federal Parent Plus loans enable parents of dependent students to borrow a variable rate, low-interest loan for each child who is enrolled at least half-time. Parents must pass a credit check with the US Department of Education to be eligible. Parents may borrow up to their student's total cost of attendance less other financial aid received. The total cost of attendance is determined by the Office of Financial Aid based on an average cost for tuition, books, room and board, travel, and miscellaneous expenses for the academic year. Generally, repayment begins within 60 days after the final loan disbursement is made to the borrower.

## Federal Work Study

The federal work study program provides jobs for students who qualify and who need an income supplement to help pay for college expenses. Federal Work Study is determined on the basis of financial need. The hourly wage will be at least the current federal minimum wage and earnings are dependent on the number of hours worked each week. Students may work up to 20 hours per week dependent on eligibility and are paid on a bi-monthly basis. Employment is primarily on campus clerical work with some off campus community service opportunities available.

To apply, contact the [Financial Aid Office](#) to determine eligibility.

## TRIO Student Support Services

Student Support Services (SSS) is a part of the federally grant funded TRIO program. TRIO SSS facilitates the distribution of institutional scholarships for active TRIO participants for the summer sessions. Participants of the program who complete contract requirements and demonstrate academic progress are eligible to apply for UACCB SSS scholarships. Contact the Director of SSS for additional information.

## Veterans' Affairs

Military service veterans and the sons, daughters, husbands, wives, widows, or widowers of deceased or 100% disabled veterans may be eligible to receive benefits from Veterans' Affairs. For more information call the Department of Veterans' Affairs at 888-442-4551 or go online at [va.gov](http://va.gov). UACCB's Veterans' Affairs representative can be reached by contacting UACCB Financial Aid at 870-612-2036.

## Workforce Investment Opportunity Act

North Central WIOA can offer tuition assistance, work experience, on the job training, and supportive services to eligible participants. To see if you qualify please complete the online application at [www.ncaworks.com](http://www.ncaworks.com).

## State Funded Financial Aid Assistance

The Arkansas Department of Higher Education administers financial aid programs that are available to eligible students in the state of Arkansas. For more information on Arkansas Department of Higher Education programs visit [www.sams.adhe.edu](http://www.sams.adhe.edu).

## Revisions in Financial Aid

Financial aid recipients may experience changes, cancellation, or revisions in their financial aid packages due to any of the following reasons:

1. Additional outside aid becomes available
2. A change in the family's financial circumstances
3. A change occurs in the student's enrollment status
4. Failure to meet Satisfactory Academic Progress Policy
5. Financial aid administrator becomes aware of conflicting information

*It is the student's responsibility to notify the Financial Aid Office of changes that may affect the student's eligibility.*

## Return of Title IV Funds (R2T4)

Students who withdraw or are administratively withdrawn from school prior to the 60% completion point of any semester will require a R2T4 calculation to determine how much of their financial aid was earned and how much should be paid back to the school and/or federal government. The withdrawal date is the date that the Registrar's office receives the official withdrawal form. For a student who did not provide notification of his or her withdrawal to the institution, the date that the institution becomes aware that the student ceased attendance should be used as the withdrawal date. If the student ceases attendance without providing official notification to the institution of his or her withdrawal, the mid-point of the payment period or the last date of recorded attendance is used as the withdrawal date. Only students who have withdrawn from all classes are subject to the return of Title IV funds formula.

The amount that is returned is calculated using the percentage of aid earned by calculating the percentage of the period that the student completed based on the withdrawal date. The amount of aid a student received is considered in the calculation to determine how much was actually earned. If unearned funds are to be returned, the amount that the student or the school must return is calculated.

For a student who provides notification to the institution of his or her withdrawal, R2T4 is determined by the student's withdrawal date or the date of notification of withdrawal, whichever is later. For a student who did not provide notification of his or her withdrawal to the institution, the date that the institution becomes aware that the student ceased attendance is used as the withdrawal date.

Students who unofficially withdraw are identified as having all failing grades (F) on their semester grade report. If students who unofficially withdraw are able to provide documentation proving their attendance in any class after the mid-point of the semester, the financial aid office will then re-calculate R2T4 funds based on the modified date as the withdrawal date.

R2T4 funds will be returned using the following priority:

1. Unsubsidized Federal Stafford loans
2. Subsidized Federal Stafford loans
3. Federal PLUS loans
4. Federal Pell Grants for which a return of funds is required
5. Federal Supplemental Educational Opportunity Grants

## Satisfactory Academic Progress Policy

All students enrolled at UACCB who receive any Title IV aid should meet the following Satisfactory Academic Progress (SAP) requirements. Students' academic progress will go through a review at the conclusion of each semester of each school year and/or during the application process. Transfer work will be evaluated in the same manner as credit hours received at UACCB.

1. Students must be admitted and enrolled in an associate degree or eligible certificate granting program.
2. Each semester students must also complete a minimum of 67% of cumulative attempted hours. Completed credits include grades of A, B, C, D and P (Pass). For example, the maximum time frame for a 60 credit hour program is 90 hours. 60 divided by 90 is 67%. If a student earns 67% of the credits attempted in each term, the student should complete the program within the maximum time frame. If the student takes 12 credit hours in the fall and earns 12 credit hours, the student has earned 100% of credits attempted. In the spring, the student enrolls in 18 credit hours and earns 15 credit hours. He has earned 27 out of 30 attempted hours. 27 divided by 30 is a pace of 90%.
3. Withdrawal from the College and/or receiving a 0.00 G.P.A. for a semester are viewed as unsatisfactory progress and those students will be placed on financial aid suspension. Students who withdraw from classes or drop classes will have those courses counted as attempted credits, but not completed credits. (The completion of remedial courses is considered in the 67% attempted/completion standard above.)
4. Incomplete coursework will be evaluated as failing grades until the course has been satisfactorily completed or an explanation accepted by the Financial Aid Director. Incomplete courses are considered as attempted credit and are evaluated as incomplete coursework for satisfactory academic progress. Incomplete courses are not considered as part of a student's GPA, but will be considered as part of the overall timeframe to complete a program of study. The grade "I" should only be assigned when a student has not completed a significant component of a course (i.e. an exam, paper or project) and the student has a valid rationale for this failure. A student receiving an "I" must meet with his/her instructor and contractually make arrangements to complete the course requirements no later than the end of the next regular semester (fall or spring). The student should maintain a copy of this contract for reference. The instructor, division chair and the Director of Student Information/Registrar will also keep copies of the contract.  
Faculty members will submit the grade by the end of the next regular semester following the one in which the "I" designation was received. The College will change the "I" designation to a grade of "F" if a grade is not assigned within the specified time period. A student may petition for an extension not to exceed one year because of extenuating circumstances. A written request by the student should be submitted to and approved by the Vice Chancellor for Academics. Students may not re-register to take a course for which an "I" designation has been received until the grade designation has been changed.
5. Students must achieve an overall cumulative 2.0 GPA at the end of each semester to maintain satisfactory academic progress.
6. If a student changes his/her program of study while attending UACCB, he/she should notify the Financial Aid Office. All credits under all programs of study will be included in the calculation of attempted, earned, and maximum timeframe credits, as well as the cumulative GPA calculation. If a student continues to take classes toward a second degree, after completing all required coursework for a first degree, the student may continue to receive financial aid as long as he meets the 150% timeframe and GPA requirements for the second degree. Students pursuing a second undergraduate degree or certification will need to submit a degree plan approved by their academic advisor indicating the required courses. If approved by the financial aid office, a new maximum time frame will be established for that pursuit.

7. If a student repeats courses, all of the attempted credits for each attempt will be considered as part of the calculation for attempted and earned credits. Only the most recent attempt of the course will be considered as earned credit, providing the student completes the course. Repeated courses will not be considered as part of the student's GPA for the purposes of satisfactory academic progress evaluation. For a student who is eligible for financial aid, only the first two attempts of a course will be funded.
8. Remedial courses taken while receiving financial aid are considered as attempted credit hours and are evaluated as part of the calculation for PACE (Path to Accelerated Completion and Employment). Additionally, remedial courses are considered credit courses and will be evaluated as part of the student's GPA.
9. If a student does not make satisfactory academic progress he/she will be placed on Financial Aid Warning. The student may continue to receive Title IV aid for the following semester. No appeal is necessary.
10. At the end of the Warning semester if the student makes satisfactory progress, then the Warning status is removed. If the student does not make satisfactory progress, then the student will be placed on financial aid suspension.
11. The student may submit a written appeal of financial aid suspension to the UACCB Financial Aid Office if extenuating circumstances exist. Examples of extenuating circumstances may include death of a relative or student injury/illness. The appeal must include why the student failed to make satisfactory progress and what has changed that will allow the student to make satisfactory process at the next evaluation. The appeal may be approved with one of the following status definitions:
  1. Probation: With this status the student would be eligible for Title IV aid for one additional semester only. If the student does make satisfactory progress at the end of the Probation semester, his status will be updated to Satisfactory. If the student does not make satisfactory academic progress, the student's financial aid will be placed in a Terminated status with no further avenue for appeal.
  2. Academic Plan: With this status an individualized academic plan would be developed for the student that will allow the student to make satisfactory academic progress standards by a specific point in time. Examples of academic plan requirements may include, but are not limited to, regularly scheduled meetings with an academic advisor, minimum number of visits to the Student Success Center and financial literacy workshops. At the conclusion of the Academic Plan, if the student does make satisfactory progress, his/her status will be updated to Satisfactory. If the student is not making satisfactory academic progress the student's financial aid will be placed in a Terminated status with no further avenue for appeal.

## Financial Aid Student Grievance Policy

ADHE requires the certified institution to make a decision on the student grievance following the institution's public policy. Inquiries into student grievances must be limited to AHECB certified (under Arkansas Code §6- 61-301) courses/degree programs and institutions and to matters related to the criteria for certification. Within 20 days of completing the institution's grievance procedures, the student may file the complaint in writing with the ICAC Coordinator, Arkansas Department of Higher Education, 114 East Capitol, Little Rock, AR 72201. The grievant must provide a statement from the institution verifying that the institution's appeal process has been followed. ADHE will notify the institution of the grievance within 15 days of the filing. Within 10 days after ADHE notification, the institution must submit a written response to ADHE. Other action may be taken by ADHE as needed.

# UACCB Foundation Scholarships and Awards

## Application Process

The UACCB Foundation awards a limited number of scholarships for the fall, spring, and summer semesters. Scholarship applications are available at [www.uabfoundation.com](http://www.uabfoundation.com). Scholarship recipients are selected by a committee from applicants who have completed the UACCB Foundation scholarship application and met the requirements outlined. Students receiving foundation scholarships are expected to maintain satisfactory academic progress, GPA of 2.0 or higher (unless otherwise noted) for the semester in which the scholarship is awarded, and successfully complete 75% of their coursework.

Scholarship awards are for one academic year. Students receive one payment for fall and one payment for spring. Students placed in an "Academic Probation" status will forfeit the second installment of their award.

## Other Scholarships

There are many other scholarships and/or monies available to students interested in furthering their education at University of Arkansas Community College at Batesville. UACCB recognizes and accepts private scholarships from a

variety of sources and may have available other business, non-profit, or private scholarships specifically for UACCB students. For application information, check the website under Foundation -> Scholarships -> Other Scholarship Opportunities; or contact the Advancement or Financial Aid Office.

## Academic Information/Student Responsibility

---

### Student Information and Responsibility

Each student is responsible for thoroughly reading this Catalog and [Student Handbook](#) and becoming familiar with the policies, regulations, and procedures of UACCB. Students should be aware that they are ultimately responsible for their actions, behavior, and academic progress.

#### Name and Address Changes

Students are responsible for reporting their accurate address, telephone number, and legal name to the College and reporting any changes in information promptly to the Registrar. Failure to do so may result in undelivered financial aid refunds, registration notices, invoices, invitations, and official correspondence.

The College considers information on file with the Registrar to be official. Legal documentation of a name change may be required.

#### Inclement Weather Policy

Inclement weather occasionally impacts the UACCB operating schedule. These weather conditions may cause the campus to be closed, open late, or close early. The College uses local radio, TV stations, and the college's text messaging system to inform students, faculty, staff, and the community of these decisions. Students may sign up for UACCB Alerts which provides text messaging in the event of campus closings. The service is free; however, normal text message fees may apply. The service can be accessed through the [UACCB website](#).

### Registration and Attendance

College registration refers to the process by which individuals apply to and enroll in a college or university to pursue higher education. It typically involves a series of steps that students must complete to secure their spot as a student at the institution. The [UACCB Academic Calendar](#) indicates the registration dates for each academic term (semester).

Registration is officially completed when the student pays or makes arrangements for paying tuition and fees with the Business Office. The Business Office and the student retain a copy of the student's registration. Appropriate data will be entered into the college data system. Data entered and the reports generated will be the basis for official college records. The data records are kept by the Registrar. **Unless the student drops prior to the refund date, the student is financially responsible for course(s) in which he or she registers.**

#### Schedule Changes

Students may add or remove courses from their schedules until the final date for schedule changes listed in the [Academic Calendar](#). No classes may be added or changed to another after the published deadline in the academic calendar without permission from the Vice Chancellor for Academic Affairs.

## Attendance

Students are expected to be diligent in the pursuit of their studies and regular in their class attendance. Students have the responsibility of making arrangements satisfactory to the instructor regarding all absences. All attendance related guidance, as defined by the instructor and described in the syllabus for each class, may be penalized, including failure of the course. It is students' responsibility to be informed of the course policies of each instructor. Failure to attend class does not constitute withdrawal. The appropriate withdrawal process as per [Campus Procedure 585.1 Process for Withdrawal](#) must be followed. Students who have not participated in a course by the 11th day of the semester as posted in the [Academic Calendar](#) may be dropped from that course as per [Campus Procedure 585.0 Census Data Reporting](#).

## Auditing Classes

Auditing a course(s) requires official admission to the College, approval of the student's advisor and payment of the regular tuition and fees for the course(s). Students auditing courses are subject to the same regulations as other students with regard to registration and attendance, but they neither take examinations nor receive quality points or hours earned for the course(s). An auditing student who does not wish to complete the course(s) must complete official withdrawal/drop procedures as defined in [Campus Procedure 585.1 Process for Student Withdrawal](#). Audited courses will be shown on the student's official transcript as "AU." Students wanting to audit a course must complete the [Request to Audit a Course form](#).

## Course Load

For fall and spring terms, a student must enroll in a minimum of 12 credit hours (per term to include all fast terms) to be classified as a full-time student. For summer terms, students must enroll in a minimum of 6 credit hours during a term to be classified as a full-time student. Students receiving Title IV aid are required to complete 12 total credit hours during summer terms. The maximum allowable course loads are as follows by term:

- Fall Full Term: 21 Credit Hours (including Fall 1 and Fall 2 terms)
  - Fall 1 Term-11 Credit Hours
  - Fall 2 Term-11 Credit Hours
- Spring Full Term: 21 Credit Hours (including Spring 1 and Spring 2 terms)
  - Spring 1 Term: 11 Credit Hours
  - Spring 2 Term: 11 Credit Hours
- Summer Full Term: 14 Credit Hours (Including Summer 1 and Summer 2 terms)
  - Summer 1 Term: 7 Credit Hours
  - Summer 2 Term: 7 Credit Hours

Any request to exceed the maximum allowable course load must be pre-approved by the Vice Chancellor for Academic Affairs.

NOTE: Students on Academic Probation as defined by Campus Procedure [501.0 Academic Standards of Progress](#), may carry restricted course loads.

## Academic Clemency Policy

Academic Clemency processes and procedures are guided by [Campus Procedure 580.0 Academic Clemency Policy](#).

A student is able to remove from the calculation of his/her GPA all grades received from previous UACCB coursework that meet the criteria identified below. Students who receive academic clemency will forfeit the use of any college credit earned prior to the date the clemency is effective. The effective date will be the date the student re-entered college. The principal benefit to the student will be in the recalculation of the GPA. The principal cost to the student will be that none of the prior coursework can be applied towards a degree or certificate. The granting of academic clemency does not automatically reinstate Financial Aid eligibility.

Academic clemency is intended to assist students who may have tried college at an earlier date but were unsuccessful due to personal reasons. The assumption is made that when students return to college after a prolonged absence, they do so with a different attitude and a greater likelihood of success.

Students wishing to invoke the Academic Clemency Policy must complete the [Request for Academic Clemency form](#) in the online or from the Registrar's Office. The Registrar will verify that the student meets the following criteria for academic clemency approval:

- Separation from all regionally accredited higher education course work for two calendar years
- The successful completion of 12 semester hours of college credit at UACCB with a 2.0 or higher GPA following the two-year break in studies.

Students are not free to pick and choose which courses can be included in the Academic Clemency request. All courses prior to the 2-year break in studies must be included. There are no fees associated with Academic Clemency requests or awards.

## Academic Standards of Progress

The purpose for establishing standards for satisfactory academic progress is guided by [Campus Procedure 501.0 Academic Standards of Progress](#) and establishes standards for satisfactory academic progress as a means of identifying students whose progress toward degree or technical certificate completion is below average in terms of grade-point average. The intent is to aid academically at-risk students to ensure the attainment of the GPA required to meet acceptable graduation standards.

The College's Standards of Progress provide details regarding minimum standards, intervention strategies or actions to be taken when minimum standards are not met, and dismissal action to be taken when satisfactory progress is not restored.

The College additionally establishes Standards of Academic Progress in [Campus Procedure 505.2 Satisfactory Academic Progress](#) to ensure students understand how to maintain academic standards and standards for financial aid eligibility, to provide details regarding intervention strategies to be implemented when minimum standards are not met, and to document appeal rights.

### Minimum Standards

A student who is seeking a degree or technical certificate must maintain a 2.0 minimum cumulative GPA to be considered in satisfactory academic standing.

Students' progress will be evaluated at the end of each semester to determine if grade-point average requirements have been met. Students must successfully complete basic skills courses earning a grade of "C" or better before progressing to the next course in the sequence.

Some academic programs require a grade of "C" or better in order to progress in the program of study. Failure to maintain at least a grade of "C" or better in each course will result in dismissal from the program.

### Academic Probation

Students whose cumulative GPA falls below 2.0 will be placed on Academic Probation. Students who are on Academic Probation may be continued on probation if they maintain a semester GPA of 2.0 or above on courses taken during the probationary period and their cumulative GPA remains below 2.0. The probationary status will be removed when the cumulative grade point average is 2.0. A transfer student who enrolls at UACCB and was on Academic Probation or has a GPA below 2.0 from the transferring institution will be placed on Academic Probation until the student achieves a cumulative GPA of 2.0 at UACCB.

## Academic Suspension

Students who fail to attain a 2.0 semester grade average during the semester of the Academic Probation will be suspended for a minimum of one semester. Students may re-enter after the suspension period has lapsed, under condition of academic probation for one semester. Should a student fail to maintain a 2.0 average during the second probationary period, a one-year suspension will ensue. A student who is dismissed twice for unsatisfactory academic progress will be suspended for one year.

Students who transfer from another college on academic suspension must sit out one semester before attending UACCB.

## Academic Intervention Procedure

Intervention procedures, which may be initiated for students on Academic Probation, may include one or more of the following:

- Restriction of enrollment;
- Limited course load;
- Required attendance at special counseling sessions; and
- Enrollment in basic skills classes.

Satisfactory academic progress is restored when a student successfully earns at least six credit hours and re-establishes a 2.0 cumulative grade-point average.

The college may elect to address individual mitigating circumstances administratively, with appropriate documentation to justify continuation of academic and/or financial aid eligibility. Students may always exercise their right of due process and appeal an academic suspension.

## Credit for Courses

UACCB uses the credit hour as a standard unit of credit for college-level courses. A credit hour is defined as an institutionally established equivalency that reasonably approximates some minimum amount of student work reflective of the amount of work expected in a Carnegie unit. One semester credit hour equals 15 hours of academic work. For example, during fall and spring semesters, one credit hour = 15 weeks x (1 classroom hour + 2 out-of-class work hours). Classes that meet three hours per week, for example, carry three hours of credit per semester. Laboratory and clinical hours are calculated using a different formula. Please review [Campus Procedure 590.0 Credit Hour Policy](#) for details.

## Repeating Courses

Requests to repeat a course are subject to [UACCB Campus Procedure 588.0 Repeat Course Enrollment](#). A student may repeat a course completed at the College for the purpose of grade point adjustment by reenrolling in the same course. Students must work with their academic advisor to complete and submit a "[Course Repeat Request Form](#)" to the Registrar's Office before the established first date of the semester in which they intend to retake the course.

Students repeating a course are subject to the following provisions:

- A student may repeat a previously taken course in an attempt to improve the original earned grade. Students who fail and/or drop a course may repeat the course up to three times.
- Should a student choose to repeat a previously taken course, both course attempts will remain on the student's transcript with the highest grade being used to calculate the student's cumulative grade point average.
- The credit hours completed/repeated course will only apply one time toward the student's graduation requirements.

- Courses taken more than once must be the exact same course as previously attempted. If changes in the course number, title, or credit hours have occurred, the course will not be deemed as repeating.
- “W” Withdrawals, “I” Incompletes, or “AW” Administrative Withdrawals will not replace an original course grade.
- Independent Study courses and Prior Learning Assessments (PLA) cannot be used to repeat a course.
- Students who plan to transfer to a four-year college or university should be aware that some institutions may average both the original and the subsequent grades for determining transfer eligibility. Students should check with that college or their Academic Advisor prior to enrolling for a course on a repeat basis.
- Notes regarding satisfactory academic progress, program-specific requirements, financial aid, and other sources of student funding.
  - Nursing and Health Professions programs have specific guidelines for repeating a course. Please refer to the appropriate program handbook for these guidelines.
  - If a student is making satisfactory academic progress, repeating a course for the second time should not adversely affect financial aid eligibility. Consult the Financial Aid office or an academic advisor before attempting a course for the third time. Independent study may not be used to repeat a failed course.
  - Repeating a course may have implications for a student's academic standing, such as probation or dismissal. Students are advised to consult with their academic advisor to understand the potential impact on their academic progression.
  - The Veterans Administration has specific regulations. Please contact the Veteran’s Affairs Certifying Official at [veterans@uaccb.edu](mailto:veterans@uaccb.edu) , call 870-612-2160, or stop by the Advising Office in MCB 229 prior to pursuing a course repeat.

## Grades and Grade Points

### Grades and Grade Points

Midterm and final grades are available to students electronically through their Self-Service student portal.

UACCB’s grading policy reflects the quality of performance and achievement of competency by students who complete one or more credit courses. Faculty are responsible for determining and assigning both grades and status based upon objective appraisal and evaluation of the student’s performance. Grading standards are provided to students in writing at the beginning of each course in the course syllabus. The College uses the following four-point grading scale:

Grade	Description	Quality Points
A	Excellent	4
B	Good	3
C	Average	2
D	Poor/Below Average	1
F	Failure	0
P	Pass	0
N	Did Not Pass	0

A student’s grade point average is determined by dividing the total number of quality points by the total number of credit hours attempted. All course work completed with assigned grades of “A,” “B,” “C,” “D,” or “F” is to be considered in calculating the cumulative GPA.

For a student who retakes courses, only the highest grade is calculated into the cumulative GPA and hours earned for the student. The first grade of the course will, however, still appear on the student’s transcript.

Basic skills courses are taken for non-degree credit, although the grade is calculated into the cumulative GPA. Credit awarded does not count toward certificate or degree completion but does count toward Title IV financial aid eligibility.

Courses transferred to UACCB are not calculated into a student's cumulative GPA.

### Grade Status Codes

In addition to course grades of "A," "B," "C," "D," and "F," students may receive the following grade status designations.

Status Codes	Description	Quality Points
I	Incomplete	0
W	Withdrawn	0
AU*	Audit	0
CR	Verified Competency	0
GP	Grade Pending	0
MW	Military Withdrawal	0
AW	Administrative Withdrawal	0

*\*Must be declared no later than the first week of class and will not qualify for financial aid.*

**Incomplete (I):** The grade "I" should only be assigned when a student has not completed a significant component of a course (i.e. an exam, paper or project) and the student has a valid rationale for this failure. Students may request an Incomplete grade status by working with their advisor and faculty member to complete and submit the Request for Incomplete Grade form

A student receiving an "I" must meet with the instructor of record and develop a timeline and significant milestones/achievements to complete the course requirements. Requests for Incomplete Grade must be submitted as per the [UACCB Campus Procedure 591.0 Request for Incomplete Grade](#).

Faculty members will submit the grade by the end of the next regular semester following the one in which the "I" designation was received. The Registrar will change the "I" designation to a grade of "F" if a grade is not assigned by the end of the following semester.

**Withdrawal (W):** A "W" is assigned for a student-initiated withdrawal during the period printed in the Academic Calendar in this catalog. Students are responsible for indicating their intent to discontinue enrollment by using the [Request to Drop/Withdrawal](#) form as per [UACCB Campus Procedure 585.1 Course Drop and Withdrawal](#).

**Audit (AU):** Audit means enrollment in a course for no grade or credit. A student must declare an intent to audit by the end of the first week of classes of the semester he/she intends to audit. Auditing students will be required to pay the same tuition and fees as assessed for a class taken for credit.

**Verified Competency (CR):** The Verified Competency designation is used to indicate a status for which recognition is earned, but no grade is assigned. A "CR" will be recorded to document competencies demonstrated via test-out, credit-for-experience, College Level Examination Program (CLEP) and Advanced Placement (AP) options.

**Grade Pending (GP):** The Grade Pending designation is used to indicate that no grade has yet been submitted for the course. Upon receipt of the final grade, the Registrar will record the appropriate grade.

**Administrative Withdrawal (AW):** An "AW" is a withdrawal from a course or the college initiated by an administrator as per [UACCB Campus Procedure 585.1 Process for Student Withdrawal](#).

# Academic Appeals and Dishonesty

## Academic Appeals

A student who feels they have been treated inappropriately in an academic matter should first discuss their concern with the faculty member whose action is in question.

If the student feels the instructor's position is still in error, the student can appeal in writing by following [UACCB Campus Procedure 592.0 Academic Appeals](#).

## Academic Dishonesty

At UACCB, we are committed to fostering a culture of academic integrity and honesty. We believe that academic integrity is essential to the pursuit of knowledge, the development of critical thinking skills, and the overall educational experience of our students. Therefore, we expect all students to adhere to the highest standards of academic honesty and integrity.

Academic dishonesty includes, but is not limited to, the following actions:

- Plagiarism: Presenting someone else's work, ideas, or words as your own without proper citation or acknowledgment.
- Cheating: Using unauthorized materials, resources, or aids during exams, quizzes, assignments, or any other academic activity.
- Unauthorized Collaboration: Working with others on individual assignments or exams without explicit permission from the instructor.
- Fabrication: Inventing or falsifying information, data, sources, or citations in any academic work.
- Multiple Submissions: Submitting the same work, in part or in whole, for credit in multiple courses without prior approval from the instructors.
- Impersonation: Allowing someone else to assume your identity or taking another person's identity to complete academic work.
- Unauthorized Access: Gaining unauthorized access to examination materials, academic resources, or any other confidential information.

### Consequences of Academic Dishonesty:

Any student found guilty of academic dishonesty is subject to disciplinary action, which may include, but is not limited to, the following:

- Receiving a failing grade for the assignment or exam in question.
- Receiving a failing grade for the entire course.
- Suspension from the college for a specific period.
- Expulsion from the college.
- Additional sanctions deemed appropriate by the college administration.

### Preventing Academic Dishonesty:

We strongly encourage students to adopt the following practices to maintain academic honesty:

- Familiarize yourself with the college's policies on academic integrity.

- Properly cite all sources used in your academic work.
- Seek clarification from your instructors regarding the appropriate use of resources, collaboration, and citation.
- Develop good time management and study skills to avoid the temptation of cheating.
- Utilize academic support services available at the college, such as tutoring and writing centers.
- Be proactive in upholding the academic integrity of your peers by reporting suspected instances of academic dishonesty to your instructors or college administration.

## Non-Traditional and Advanced Placement Credit

### Non-Traditional Credit

Students may establish credit in courses offered by UACCB by test-out, experience, or examination. Credit earned through non-traditional methods is limited to 30 credit hours, and may not transfer to other institutions.

**Test-out:** Test-out examinations for specific courses may be taken only once each spring, summer, or fall semester, with at least a 30 day period between testing. Students must complete the test in one sitting, unless it includes two parts (i.e., lab and written exams). Students may not apply test-out credits toward credit computation for financial aid programs or student grade point average or certificates of proficiency requirements.

An examination fee (see tuition and fees chart) must be paid prior to the exam. A student must present receipt at the time of testing. If the student passes the test, the student will be required to pay a per credit hour fee for the credit by examination to be documented on their transcript. Students must be enrolled at UACCB before credits will be applied to transcript.

Students may test out of the following courses:

- CPSI 10003 - Introduction to Computers
- CPSI 10563 - Computer Software Applications

**By Experience:** Students may request credit for a college course through life experience. Students requesting such credit must submit sufficient documentation. The division chair responsible for the course should be contacted for specific details of the process. Upon notification of experiential learning credits to be awarded, the student must pay the per credit hour fee in order for these credits to be transcribed.

If a test-out is offered in a course, credit by experiential learning may not be requested.

**Examination:** UACCB serves as an open CLEP test center. CLEP tests will be administered online, by appointment. UACCB will only award credit for tests that are the equivalent of its courses. Students must achieve the minimum acceptable score, as listed by the American Council on Education, to be awarded credit at UACCB. Students' transcripts will indicate a grade of "CR" for the credit awarded. A fee for each exam will be charged. For further details, please contact the [Director of Access & Testing](#).

A minimum score of 50 will be accepted for each CLEP Subject Exam. UACCB will award credit for the following CLEP examinations:

Subject Exams	UACCB Course
College Composition Modular	ENGL 10103
American Government	PLSC 20003
History of the U.S. I	HIST 21103
History of the U.S.II	HIST 21203

## Advanced Placement

UACCB offers credit based on the Advanced Placement Program of the College Entrance Examination Board. This program gives students the opportunity to pursue college-level studies while in high school and to receive advanced placement and/or credit at UACCB. The AP examinations are offered annually by high schools that participate in the program. Students should contact their high school counselor for information about the AP exams.

High school students seeking credit for AP examinations should contact the [Director of Student Information/Registrar](#) at UACCB. The college offers credit for the following AP exams:

AP Course	UACCB Course	Minimum Score
Art History	ARHS 10003 Visual Art	3

## Honors

### Chancellor's List

The college names to the Chancellor's List any student who has earned twelve or more credit hours in a given semester and earned a 4.00 GPA with no "I" grade.

### Vice Chancellor's List

The college names to the Vice Chancellor's List any student who has earned twelve or more credit hours in a given semester, a 3.50 GPA or higher and has no "D," "F," or "I" grade for the term involved.

## Transcripts

### Requesting a Transcript

UACCB has contracted with the National Student Clearinghouse to process online transcript requests and electronic delivery of transcripts.

To request a transcript, please use the following link: <https://tsorder.studentclearinghouse.org/school/ficecode/02073500>

## Dropping a Class/Withdrawing from College

Students may drop one or more courses or withdrawal from the college by following [UACCB Campus Procedure 585.1 Course Drop and Withdrawal](#). Students may drop courses from their schedule or withdraw from college up to the published date listed in the [Academic Calendar](#).

Students are responsible for indicating their intent to discontinue enrollment by using the [appropriate request form](#). Once all signatures are obtained, The Registrar's Office will process the form submitted by the student based on the date of student submission.

## Graduation and Commencement Ceremony

### Graduation Requirements

Graduation requirements for students seeking a degree or certificate are outlined in [UACCB Campus Procedure 570.0 General Requirements for Graduation](#) and include:

1. Successfully complete all academic coursework, including mandated developmental coursework, with a minimum cumulative grade-point average of 2.0. Certificate of Proficiency candidates must successfully complete all program requirements with a minimum program GPA of 2.0.
2. Successfully complete the required number of credits and specified courses required.
3. Establish UACCB Student Residency Status.
4. Satisfaction of all financial responsibilities due to the college.

\*These credits must be earned as a regular student rather than by test-out or other means of advanced placement.

Students may work with the navigator to request the opportunity to graduate under a different catalog dated after their initial enrollment. Students may not graduate under a catalog dated before their initial enrollment.

### Application for Graduation

Students requesting consideration for graduation will meet with their navigator to verify all degree requirements are pending completion. Advisors will submit a Degree Audit Evaluation to the Office of the Registrar, or their designee by the date published in the UACCB [Academic Calendar](#).

It is the responsibility of the student to have submitted transcripts necessary to receive transfer credit and to have completed the process to transcript credit by exam or experience prior to submission of these forms. Through completion of this process, the Office of the Registrar, or their designee is notified of the student's intent to graduate.

Any Degree Audit Evaluations submitted past the deadline will be processed the following semester. The appropriate award will be prepared once the fulfillment of the graduation requirements is confirmed and all obligations to the college have been completed.

Students who do not complete degree requirements at the end of the semester indicated on the evaluation must have their navigator submit a new evaluation to the Registrar or their designee, if requirements will be met in future semesters.

There is no graduation application fee.

### Graduation with Honors

For the purpose of determining graduation with honors, GPAs will be calculated based on all UACCB coursework. Honor students are recognized at commencement based on cumulative GPA through the fall semester.

Graduation with honors is defined as follows:

- Students achieving a GPA of 3.50 to 3.74 will graduate cum laude;
- Students achieving a GPA of 3.75 to 3.89 will graduate magna cum laude; and
- Students achieving a GPA of 3.90 or above will graduate summa cum laude.

### Commencement Ceremony

UACCB commencement is held as indicated on the UACCB Academic Calendar. Students wishing to participate must complete an intent to graduate form by the dates published in the [UACCB Academic Calendar](#).

Diplomas are provided to students as outlined in [UACCB Operating Procedure 570.2 Preparation and Distribution of Diplomas and Certificates](#).

## Credit Programs

---

### Degree Programs

The Arkansas Higher Education Coordinating Board and the Higher Learning Commission (HLC) have approved UACCB to offer the following degrees and certificates:

#### Associate of Arts (A.A.) Degree

The Associate of Arts degree is designed for students who wish to pursue a bachelor's degree at a four-year college or university. This statewide transfer degree is designed to ease transfer from two- to four-year institutions and to maximize the credit hours taken at the two-year institution.

#### Associate of Science (A.S.) Degree

The Associate of Science degree program is designed for students who wish to pursue a bachelor's degree at a four-year college or university, with emphasis in a particular major.

#### Associate of Science in Business (A.S.B.) Degree

The A.S.B. degree will be awarded to students who successfully complete a planned program of collegiate-level work that is transferable toward a specified baccalaureate degree in business. This statewide transfer degree is designed to ease transfer from two- to four-year institutions and to maximize the credit hours taken at the two-year institution.

## Associate of Applied Science (A.A.S.) Degrees

The A.A.S degree is not designed for transfer to a baccalaureate program, except the Bachelor of Applied Science degree. However, some courses in these programs may transfer to other institutions.

## Associate of Arts in Teaching (A.A.T.) Degree

The A.A.T. degree will be awarded to students who successfully complete a planned program of collegiate-level work that is transferable toward a specified baccalaureate degree in teacher education at each participating Arkansas university. This statewide transfer degree is designed to ease transfer from two- to four-year institutions and to maximize the credit hours taken at the two-year institution.

## Associate of Applied Science in General Technology (A.A.S.G.T.) Degree

The A.A.S.G.T. is designed for students who successfully complete an individualized program of study to fulfill a unique career goal that cannot be met through the completion of another Associate degree offered by the institution.

**Disclaimer for the Associate of Applied Science:** The Associate of Applied Science degree is designed for employment purposes, and it should not be assumed that the degree or the courses in the degree can be transferred to another institution. While many institutions do accept some courses in the A.A.S. programs, the general rule is that courses in the A.A.S. degree are not accepted in transfer toward a bachelor's degree. Students to whom transfer is important should get assurance in writing in advance from the institution to which they wish to transfer.

## Technical Certificates (T.C.)

The T.C. is designed to focus on classroom and laboratory/shop work at the collegiate level that recognizes the completion of a specified level of competency in an occupational field. The program of study may be a stand-alone program or a part of an associate degree curriculum and includes a range of 21-45 credit hours.

## Certificate of General Studies (C.G.S.)

The C.G.S is designed to recognize 31-38 credit hours of specified general education core courses successfully completed by students. The program will document the student's mastery of skills and competencies needed to be successful in the workforce and function in today's world.

## Certificates of Proficiency (C.P)

The C.P. will be awarded to students who have demonstrated mastery of skills and knowledge against specified performance standards in a specific area or discipline. The award is granted for programs requiring 6-21 undergraduate semester credit hours. The program of study may be a stand-alone program or part of a technical certificate, associate degree or bachelor's curriculum.

## Criminal Justice Institute Training for Current Police Officers

The Criminal Justice Institute of the University of Arkansas System and UACCB offer Associate of Applied Science degrees, Technical Certificates, and Certificates of Proficiency in Crime Scene Investigation and Law Enforcement Administration for persons who are current law enforcement officers.

# Non-Credit Programs

---

## Adult Education

The Adult Education Department offers a variety of classes for individuals working to improve their skills and knowledge. All classes provided by the Adult Education Department are free to the public. Adult Education classes are offered throughout the year. More information about services provided can be found on-line at [www.uaccb.edu](http://www.uaccb.edu) or by contacting the Adult Education department.

**Below is a listing of classes and testing offered:**

- GED Preparation for adults who have not finished high school.
- GED Testing
- Classes in reading, writing, and math for individuals with a high school diploma, but who lack these necessary skills for job advancement or for enrollment in college.
- English as a Second Language (ESL) for adults.
- Customized basic skills training for business and industry.
- Distance Education Program which includes online instruction for students unable to regularly attend traditional classes.

Classes are offered during day and evening hours. Students choose the hours that are most convenient to their family and work schedules. Classes are offered on the UACCB campus and in Cherokee Village at the Choctaw Center; satellite classes are periodically offered in rural locations in Independence and Sharp Counties.

## Community and Workforce Education

Community and Workforce Education provides non-credit educational opportunities for residents of the College's service area. More information about services provided can be found on-line at [www.uaccb.edu](http://www.uaccb.edu) or by contacting the Coordinator of Community Education.

Program areas include:

- **Contract Training:** Classes arranged with industry and business to meet specific training needs. Classes taught include, but are not limited to: Microsoft Office, Digital Controls, Semi-Conductor, Blueprint Reading, Industry Specific Conversational Spanish and Supervision and Management.
- **Professional Development Classes:** Non-credit classes offered for the purpose of developing or improving professional skills. Sample courses include: computer courses and small business seminars.
- **Personal Enrichment Classes:** Non-credit classes taught to enhance skills in language, art, leisure and recreation. Offerings will vary.
- **Online Classes:** Non-credit classes offered through Education to Go. These courses can be reached through the Community and Workforce Education's website at [www.uaccb.edu](http://www.uaccb.edu).
- **Community Service Classes:** Free or nominal cost classes for the benefit of the UACCB community. The classes include Child Care Orientation, Hunter Education and Customer Service Workshops.
- **Kids' College:** A summer enrichment program for children entering grades 1 through 6.

## Agriculture Technology

As farm and land management has grown more complex and costly, farmers, ranchers, and other agricultural managers have increasingly needed postsecondary education, such as an associate's degree or a bachelor's degree in agriculture or a related field. The Associate of Science in Agriculture Technology degree provides students the diverse skillsets necessary to work competently in various sectors of the agriculture

industry. Additionally, the program prepares those students with the foundational knowledge necessary to transfer to a four-year program in agriculture or a related field. Students should check with their intended transfer institution to ensure transferability.

## Criminal Justice Institute Training for Current Law Enforcement Officers

In partnership with the Criminal Justice Institute of the University of Arkansas System, UACCB provides career-training opportunities for men and women who are currently employed law enforcement. Students enrolling in the CJI training program must complete the enrollment process as described in the Admissions section of this catalog. Students must independently enroll with the CJI to complete the CJI courses.

Students completing the CJI training and a general studies body of courses will be eligible to obtain a certificate of proficiency, technical certificate and associate of applied science degree in Crime Scene Investigation and/or Law Enforcement Administration. Please refer to the student's advisor for more information.

## Early Childhood Education

### Early Childhood Education (AAS)

#### Degree Type

Associate of Applied Science

The Associate of Applied Science in Early Childhood Education is designed to meet the competencies required for the Birth through Pre-Kindergarten Teaching Credential which is required by Act 187 passed by the Arkansas Legislature during the 2009 session. This degree will allow a graduate to apply for the Birth through Pre-Kindergarten Teaching Credential from the Division of Early Care and Education of the Department of Human Services. It will allow the graduate to be the lead teacher in a non-public school classroom or in a Head Start classroom as they pursue a Bachelor's degree. The student will be qualified to serve as a para-professional in a public school pre-kindergarten classroom. It will not allow the graduate to be the lead teacher in a public school pre-kindergarten classroom.

Associate of Science

The Associate of Science degree in STEM is designed for students who wish to pursue a bachelor's degree in a science or mathematics field at a four-year college or university. UACCB's A.S. degree in STEM consists of 35 credit hours of general education requirements and 25 credit hours of college-level science and mathematics courses to complete the degree. Note: STEM is an acronym for Science, Technology, Engineering, and Mathematics – this degree program focuses on the fields of Science and Mathematics.

## Core Requirements in General Education

### English/Communications

Item #	Title	Credits
ENGL 10103	ENGLISH COMPOSITION I	3
ENGL 10203	ENGLISH COMPOSITION II	3
SPCH 10003	ORAL COMMUNICATION	3

### Mathematics

Or any higher level math course.

Item #	Title	Credits
MATH 11003	COLLEGE ALGEBRA	3

### Life/Physical Science

Eight (8) Hours required from the following:

Item #	Title	Credits
BIOL 10103	BIOLOGY FOR MAJORS	3
BIOL 10101	BIOLOGY FOR MAJORS LAB	1
CHEM 14103	COLLEGE CHEMISTRY I	3
CHEM 14101	COLLEGE CHEMISTRY I LABORATORY	1
CHEM 14203	COLLEGE CHEMISTRY II	3
CHEM 14201	COLLEGE CHEMISTRY II LABORATORY	1
PHYS 20104	PHYSICS FOR HEALTH SCIENCES	4

### Fine Arts/Humanities

Three (3) hours required from the following:

Item #	Title	Credits
MUSC 10003	MUSIC	3
THTR 10003	THEATER	3
ARHS 10003	VISUAL ART	3

Three (3) hours required from the following:

Item #	Title	Credits
ENGL 21103	WORLD LITERATURE I	3
ENGL 21203	WORLD LITERATURE II	3
PHIL 11003	INTRODUCTION TO PHILOSOPHY	3

### Social Sciences

Three (3) hours required from the following:

Item #	Title	Credits
HIST 11103	WORLD CIVILIZATION I	3
HIST 11203	WORLD CIVILIZATION II	3

Three (3) hours required from the following:

Item #	Title	Credits
HIST 21103	UNITED STATES HISTORY I	3
HIST 21203	UNITED STATES HISTORY II	3
PLSC 20003	UNITED STATES GOVERNMENT	3

Three (3) hours required from the following:

HIST 11103, HIST 11203, HIST 21103, HIST 21203, PLSC 20003 \*If not selected to meet another requirement.

Item #	Title	Credits
ECON 21003	MACROECONOMICS	3
ECON 22003	MICROECONOMICS	3
HIST 11103	WORLD CIVILIZATION I	3
HIST 11203	WORLD CIVILIZATION II	3
HIST 21103	UNITED STATES HISTORY I	3
HIST 21203	UNITED STATES HISTORY II	3
PLSC 20003	UNITED STATES GOVERNMENT	3
PSYC 11003	GENERAL PSYCHOLOGY	3
PSYC 21003	DEVELOPMENTAL PSYCHOLOGY	3
PSYC 20133	ABNORMAL PSYCHOLOGY	3
SOCI 10103	PRINCIPLES OF SOCIOLOGY	3
SOCI 20103	SOCIAL PROBLEMS	3
ANTH 20103	CULTURAL ANTHROPOLOGY	3

## Electives

To complete the elective component of the degree, students may select from the following list any 25 hours of college-level credit not previously selected for general education requirements. Students should be aware of degree requirements at institutions to which they may transfer and should take a relevant selection of courses to be chosen with the approval of their advisor.

## Life and Physical Sciences

Item #	Title	Credits
BIOL 10103	BIOLOGY FOR MAJORS	3
BIOL 10101	BIOLOGY FOR MAJORS LAB	1
BIOL 10303	GENERAL BOTANY	3
BIOL 10301	GENERAL BOTANY LAB	1
BIOL 10503	PRINCIPLES OF ZOOLOGY	3
BIOL 10501	PRINCIPLES OF ZOOLOGY LABORATORY	1
BIOL 24003	ANATOMY AND PHYSIOLOGY I	3
BIOL 24001	ANATOMY AND PHYSIOLOGY I LAB	1
BIOL 24103	ANATOMY AND PHYSIOLOGY II	3
BIOL 24101	ANATOMY AND PHYSIOLOGY II LAB	1
BIOL 20003	MICROBIOLOGY	3
BIOL 20001	MICROBIOLOGY LABORATORY	1
CHEM 14103	COLLEGE CHEMISTRY I	3
CHEM 14101	COLLEGE CHEMISTRY I LABORATORY	1
CHEM 14203	COLLEGE CHEMISTRY II	3
CHEM 14201	COLLEGE CHEMISTRY II LABORATORY	1
GEOL 11103	PHYSICAL GEOLOGY	3
GEOL 11101	PHYSICAL GEOLOGY LAB	1
PHSC 10031	PHYSICAL SCIENCE LAB	1
PHSC 10043	PHYSICAL SCIENCE	3

## Mathematics

Item #	Title	Credits
MATH 12003	TRIGONOMETRY	3
MATH 22003	SURVEY OF CALCULUS / BUSINESS CALCULUS	3
MATH 24004	CALCULUS I, CALCULUS AND ANALYTIC GEOMETRY	4
MATH 25004	CALCULUS II, CALCULUS AND ANALYTIC GEOMETRY	4
MATH 26004	CALCULUS III, CALCULUS AND ANALYTIC GEOMETRY	4
MATH 21003	STATISTICS	3

## Health Sciences

PHIL 11003, SOCI 10103, ANTH 20103 \*If not selected to meet another requirement.

ACCT 10003 \*\*Required for most Pharmacy programs.

Item #	Title	Credits
ACCT 10003	PRINCIPLES OF ACCOUNTING I	3
ALHE 20033	NUTRITION	3
ALHE 20103	HEALTH ASSESSMENT	3
ALHE 10503	MEDICAL TERMINOLOGY	3
PHIL 11003	INTRODUCTION TO PHILOSOPHY	3
PSYC 11003	GENERAL PSYCHOLOGY	3
PSYC 21003	DEVELOPMENTAL PSYCHOLOGY	3
PSYC 20133	ABNORMAL PSYCHOLOGY	3
SOCI 10103	PRINCIPLES OF SOCIOLOGY	3
ANTH 20103	CULTURAL ANTHROPOLOGY	3
	Total Credits	60

## Welding

### Welding (CP)

#### Degree Type

Certificate of Proficiency

### Welding Core

Item #	Title	Credits
TECH 10153	TECHNICAL METHODS	3
TECH 10253	ENGINEERING DRAWINGS	3
WELD 11084	WELDING I	4
TECH 20053	INDUSTRIAL SAFETY	3
	Total Credits	13

### Welding Technology (TC)

#### Degree Type

Technical Certificate

### General Education Core

MATH 10103 or MATH 11003

Item #	Title	Credits
ENGL 10094	WRITING FOR THE WORKPLACE	4
MATH 10103	TECHNICAL MATH	3
MATH 11003	COLLEGE ALGEBRA	3

## Welding Core

Item #	Title	Credits
TECH 10153	TECHNICAL METHODS	3
TECH 10253	ENGINEERING DRAWINGS	3
WELD 11084	WELDING I	4
WELD 12084	WELDING II	4
WELD 13084	WELDING III	4
TECH 20053	INDUSTRIAL SAFETY	3

## Accounting

### ACCT 10003 : PRINCIPLES OF ACCOUNTING I

Explores accounting principles and problems, primarily as they apply to the sole-proprietorship form of business. The course places special emphasis on the accounting cycle and its implementation. Formerly ACC 1013.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

ACCT 2003

### ACCT 10103 : PRINCIPLES OF ACCOUNTING II

A continuation of Accounting I. Students study partnerships, corporations, and the analysis of financial statements. Formerly ACC 1023.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

ACCT 2013

**Prerequisites**

ACCT 10003

Must complete pre-requisites with a grade of "C" or higher.

## Agricultural Science

### AGEC 19203 : INTRODUCTION TO AGRICULTURE BUSINESS

A study of the structure and organization of agricultural business, to include the basic economic principles and their application to agriculture. Formerly AGR 1923.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### AGRI 19001 : AGRICULTURE SCIENCE LABORATORY

Agriculture Science Laboratory will introduce students to various agriculture excesses in animal, plant, and soil science. The laboratory will consist of 45 contact hours throughout the length of a semester enabling students to apply knowledge and concepts acquired in the classroom in a field-based setting. Formerly AGR 1901.

**Credits 1**

**Lecture Hours 0**

**Lab Hours 3**

### AGRI 19003 : MAKING CONNECTIONS IN AGRICULTURE

Making Connections in Agriculture is a first semester freshman course centered on the skills and knowledge needed to be a successful UACCB Agriculture Technology student, including academic performance, problem solving, critical thinking, selfmanagement, university policies, issues, trends, and disciplines in agriculture. Students will develop and manage good study behavior to master new learning. The course encourages students to develop a sense of belonging to the campus community, as well as develop a reasonable understanding of and a commitment to degree completion. Students will be required to attend various agriculture related conferences in the region to obtain additional knowledge and perspectives of agriculture in the state of Arkansas. Formerly AGR 1903.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### AGRI 29303 : AGRICULTURE INTERNSHIP

This course is a cooperative program between the student, the college and an industry partner to foster the development of skills needed to be successful in the work environment. The student will develop a professional career portfolio and will be placed in a career training position in industry where the employer/mentor provides on-the-job-training as an extension of the college classroom. Students spend approximately four weeks in class and up to ten weeks participating in on-the-job-training during the semester for an equivalent of 80 hours of on-the-job-training. Formerly AGR 2933.

**Credits 3**

### ANSC 19303 : INTRODUCTION TO ANIMAL SCIENCE

A study of animals that provide food, fiber, and companionship to humankind, including the history and scope of animal agriculture, products produced from animals, reproduction, breeding and genetics, nutrients and digestion, lactation, behavior, and overview of production systems. Formerly AGR 1933.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### CSES 20203 : SOILS

Soils explores the origin, classification, physical and chemical properties of soil and environmental considerations. Formerly AGR 2923.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**PTSC 29103 : INTRODUCTION TO PLANT SCIENCE**

Agronomic and horticultural cropping systems including crop growth and development, crop physiology, crop ecology, environmental considerations, and production and protection practices. Formerly AGR 2913.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## Biological Sciences

**BIOL 10031 : BIOLOGY FOR GENERAL EDUCATION LAB**

Students will apply laboratory techniques in experimentation and observation to illustrate biological concepts as covered in Biology for General Education. This course is not appropriate for biology or health science majors and will not fulfill the lab requirement of [BIOL 10103](#). Formerly BIO 1031.

**Credits 1**

**Lecture Hours 0**

**Lab Hours 2**

**ACTS Equivalency Course ID**

BIOL 1004

**Corequisites**

BIOL 10043

**BIOL 10043 : BIOLOGY FOR GENERAL EDUCATION**

A survey of biology to include an introduction to the fundamental principles of living organisms including properties, organizations, function, evolutionary adaptation, and classification. Introductory study of concepts of reproduction, genetics, ecology and the scientific method are included. Not appropriate for biology or health science majors. BIOL 10031 Biology for General Education Lab is required. Formerly BIO 1033.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

BIOL 1004

**Corequisites**

BIOL 10031

**BIOL 10101 : BIOLOGY FOR MAJORS LAB**

Students will apply laboratory techniques in experimentation and observation to illustrate biological concepts covered in BIOL 10103 Biology for Majors. Formerly BIO 1101.

**Credits 1**

**Lecture Hours 0**

**Lab Hours 2**

**ACTS Equivalency Course ID**

BIOL 1014

**Corequisites**

BIOL 10103

**BIOL 10103 : BIOLOGY FOR MAJORS**

Cellular and molecular biology are the main areas of focus. Basic concepts of ecology will also be covered. BIOL 10101 Biology for Majors Lab is required. Formerly BIO 1103.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

BIOL 1014

**Corequisites**

BIOL 10101

**BIOL 10151 : ESSENTIALS OF ANATOMY AND PHYSIOLOGY LAB**

A laboratory experience emphasizing the anatomy of human organ systems and measurements of human physiology. The course does not meet the requirements for AS degree science majors. Formerly BIO 1011.

**Credits 1**

**Lecture Hours 0**

**Lab Hours 2**

**Prerequisites**

ENGL 00203

Must complete all pre-requisites with a grade of "C" or higher or have equivalent placement test score.

**Corequisites**

BIOL 10253

**BIOL 10253 : ESSENTIALS OF ANATOMY AND PHYSIOLOGY**

Focuses on concepts of basic chemistry and human biology, including basic cellular biology and the structure and function of human organ systems. BIOL 10151 Essentials of Anatomy and Physiology Lab required. Formerly BIO 1013.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Prerequisites**

ENGL 00203

Must complete all pre-requisites with a grade of "C" or higher or have equivalent placement test score.

**Corequisites**

BIOL 10151

**BIOL 10301 : GENERAL BOTANY LAB**

This course will cover the structure and function of plants. Topics to be covered include cells, tissues, photosynthesis, survey of plant groups, and plant reproduction. Students will be required to use microscopes and other lab equipment as necessary. This course is designed for science majors. Formerly BIO 1111.

**Credits 1**

**Lecture Hours 0**

**Lab Hours 2**

**ACTS Equivalency Course ID**

BIOL 1034

**Prerequisites**

BIOL 10103

BIOL 10101

Must complete all pre-requisites with a grade of "C" or higher.

**Corequisites**

BIOL 10303

**BIOL 10303 : GENERAL BOTANY**

This course covers the fundamental principles of botany, including properties, structure and function, growth, and classification of plants. Concepts included are plant reproduction, photosynthesis, ecology, and genetics. This course is designed for science majors. BIOL 10301 General Botany Lab required. Formerly BIO 1113.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

BIOL1034

**Prerequisites**

BIOL 10103

BIOL 10101

Must complete all pre-requisites with a grade of "C" or higher.

**Corequisites**

BIOL 10301

**BIOL 10501 : PRINCIPLES OF ZOOLOGY LABORATORY**

Laboratory exercises illustrating animal structure, physiology, genetics, and ecology. Formerly BIO 1121.

**Credits 1**

**Lecture Hours 0**

**Lab Hours 2**

**ACTS Equivalency Course ID**

BIOL 1054

**Corequisites**

BIOL 10503

**BIOL 10503 : PRINCIPLES OF ZOOLOGY**

Principles governing all animals' forms and functions.

This course will cover extensively the phylogenetic survey of the Kingdom Protista and Kingdom Animalia.

BIOL 10501 Principles of Zoology Lab required.

Formerly BIO 1123.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

BIOL 1054

**Prerequisites**

BIOL 10103

BIOL 10101

**Corequisites**

BIOL 10501

**BIOL 20001 : MICROBIOLOGY LABORATORY**

Provides experience with microbiological laboratory techniques. Emphasis placed on culturing and identifying medically important bacteria and human parasites.

Formerly BIO 2201.

**Credits 1**

**Lecture Hours 0**

**Lab Hours 3**

**ACTS Equivalency Course ID**

BIOL 2004

**Corequisites**

BIOL 20003

**BIOL 20003 : MICROBIOLOGY**

Emphasizes the biology of medically important microorganisms. Topics include the history of microbiology, cellular and molecular biology of prokaryotes, epidemiology and pathogenicity, as well as surveys of bacterial, fungal and viral groups. BIOL 20001 Microbiology Lab required. Formerly BIO 2203.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

BIOL 2004

**Prerequisites**

Any biology course with a four-hour combination of lecture and laboratory with a grade of "C" or higher, **except** BIOL 10043 and BIOL 10031.

**Corequisites**

BIOL 20001

**BIOL 23051 : FIELD TECHNIQUES IN SCIENCE**

Field Techniques in Science is a course that is designed to introduce the student to standard techniques that are employed in various avenues of scientific investigation. This course will be the practical application of the ideas in the scientific curriculum (i.e., Biological Sciences, Zoology, Chemistry, and Statistics). Specifically, the students will learn standard methods for monitoring the environment (e.g., water chemistry and bio-monitoring), as well as techniques that are of interest to the students and/or instructor. Formerly BIO 2301.

**Credits 1****Lecture Hours 0****Lab Hours 2****BIOL 24001 : ANATOMY AND PHYSIOLOGY I LAB**

Emphasizes cell structure; histology of human tissues; anatomy of the integument, human skeleton, muscles, and nervous system. Formerly BIO 2001.

**Credits 1****Lecture Hours 0****Lab Hours 2****ACTS Equivalency Course ID**

BIOL 2404

**Prerequisites**

ENGL 00203

Must complete all pre-requisites with a grade of "C" or higher or have equivalent placement test score.

**Corequisites**

BIOL 24003

**BIOL 24003 : ANATOMY AND PHYSIOLOGY I**

The first course of a two-semester sequence. Topics include anatomical terminology, basic biochemistry, cellular biology, histology, the structure and function of the integumentary, skeletal, muscular, and nervous systems. BIOL 24001 Anatomy and Physiology I Lab required. Formerly BIO 2003.

**Credits 3****Lecture Hours 3****Lab Hours 0****ACTS Equivalency Course ID**

BIOL 2404

**Prerequisites**

ENGL 00203

Must complete all pre-requisites with a grade of "C" or higher or have equivalent placement test score.

**Corequisites**

BIOL 24001

**BIOL 24101 : ANATOMY AND PHYSIOLOGY II LAB**

Emphasizes reflexes and sensation, special senses, hematology, anatomy of the heart, circulatory system, respiratory, digestive, urinary, and reproductive systems, ECGs, and urinalysis. Formerly BIO 2011.

**Credits 1****Lecture Hours 0****Lab Hours 2****ACTS Equivalency Course ID**

BIOL 2414

**Prerequisites**

BIOL 24003

BIOL 24001

Must complete all pre-requisites with a grade of "C" or higher.

**Corequisites**

BIOL 24103

**BIOL 24103 : ANATOMY AND PHYSIOLOGY II**

The second course of a two-semester sequence. Covers the structure and functions of the following systems: special senses, endocrine, circulatory, lymphatic, immune, respiratory, digestive, urinary, and reproductive. Nutrition and metabolism are also covered. BIOL 24101 Anatomy and Physiology II Lab required. Formerly BIO 2013.

**Credits 3****Lecture Hours 3****Lab Hours 0****ACTS Equivalency Course ID**

BIOL 2414

**Prerequisites**

BIOL 24003

BIOL 24001

Must complete all pre-requisites with a grade of "C" or higher.

**Corequisites**

BIOL 24101

## Business

**BLAW 20003 : LEGAL ENVIRONMENT OF BUSINESS**

Provides an introduction to the fundamental elements of the legal system including the use of the legal system in the remedy of business disputes, the development and operation of the court system, and the regulation of American business and industry. Formerly BUS 2033.

**Credits 3****Lecture Hours 3****Lab Hours 0****ACTS Equivalency Course ID**

BLAW 2003

**BUSI 10103 : INTRODUCTION TO BUSINESS**

A survey of the field of business administration with emphasis in the functional areas of marketing, production, business organizations and ownership, financial management, communication, taxation, and regulation. Formerly BUS 1013.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

BUSI 1013

**BUSI 20103 : BUSINESS COMMUNICATIONS**

Provides a comprehensive study of correspondence used in the modern business. Emphasis is placed on writing effective business correspondence documents and reports. Formerly BUS 1023.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

BUSI 2013

**Prerequisites**

ENGL 10103

**BUSI 21003 : STATISTICS**

Descriptive and inferential statistical techniques and methods in business are taught. Topics include qualitative data analysis, frequency distributions, numerical methods, data dispersions, variance analysis, estimation theory, sampling distributions, discrete and continuous probability distributions, hypothesis testing and confidence interval estimation. (Cross-listed as MATH 21003). Formerly BUS 2053.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

BUSI 2103/MATH 2103

**Prerequisites**

MATH 11103

MATH 11003

Must complete one pre-requisite with a grade of "C" or higher.

**BUSI 21143 : BUSINESS ETHICS**

The focus of this course is primarily on the ethical issues that business decision-makers face in developing policies about employees, customers, and the general public.

Formerly BUS 2113.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**BUSI 22543 : PRINCIPLES OF FINANCE**

This course introduces financial management techniques including a framework for analysis and decision-making regarding financial resources. Formerly BUS 2253.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**BUSI 25003 : PERSONAL FINANCE**

This is a survey of personal finance and investment, focusing on topics which touch on the lives of everyone. Topics to be covered include: personal/family budgeting, banking services, income taxes, credit and credit cards, automobiles and other major purchases, insurance products (health, life, property, liability), investments and retirement planning, real estate, and estate planning. Formerly BUS 2503.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**BUSI 26543 : INTERNSHIP**

A cooperative program between the student, the College, and business and industry to begin to develop the necessary skills needed to be successful in the job environment. Students spend 4 weeks in class and productive hours on-the-job training during the semester. Students work with the instructor to develop meaningful learning objectives based on the job assignments. Formerly BUS 2653.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**BUSI 27543 : SMALL BUSINESS MANAGEMENT**

Capstone course designed for students to apply what they have learned in other courses about the issues involved in organizing and operating a small business. Topics include personal qualifications, small business techniques, capital requirements, and forms of organizations, location, and sources of assistance. Formerly BUS 2753.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Prerequisites**

ACCT 10003

**MGMT 20163 : PRINCIPLES OF MANAGEMENT**

Students study and develop techniques and skills in the principal areas of management; planning and decision-making; organizing and human resources; leadership, including motivation and communications; and control. Formerly BUS 2013.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**MGMT 20453 : HUMAN RESOURCE MANAGEMENT**

This course introduces the study of human resource management. Topic areas such as implementing effective HRM programs, enhancing employee relations and productivity, understanding compensation and benefits, managing labor relations, and working in diverse work environments will be examined. Formerly BUS 2043.

**Credits 3****Lecture Hours 3****Lab Hours 0****MKTG 20003 : PRINCIPLES OF MARKETING**

Provides a study of the business activities performed to direct the flow of goods and services from the producer to the consumer. Major topics include consumer behavior, market research, products, pricing, promotion, and distribution. Formerly BUS 2513.

**Credits 3****Lecture Hours 3****Lab Hours 0****ACTS Equivalency Course ID**

MKTG 2003

## Chemistry

**CHEM 14101 : COLLEGE CHEMISTRY I LABORATORY**

A laboratory experience to support CHEM 14103. Formerly CHM 1101.

**Credits 1****Lecture Hours 0****Lab Hours 3****ACTS Equivalency Course ID**

CHEM 1414

**Corequisites**

CHEM 14103

**CHEM 14103 : COLLEGE CHEMISTRY I**

The first course of a two-semester sequence. Concepts covered include fundamentals of chemistry, stoichiometry, atomic structure, chemical periodicity, bonding and orbital theory, chemical reactions, gases and nuclear chemistry. College Chemistry I Lab CHEM 14101 required. Formerly CHM 1103.

**Credits 3****Lecture Hours 3****Lab Hours 0****ACTS Equivalency Course ID**

CHEM 1414

**Prerequisites**

MATH 02043

Must complete all pre-requisites with a grade of "C" or higher or have equivalent placement test score.

**Corequisites**

CHEM 14101

**CHEM 14201 : COLLEGE CHEMISTRY II LABORATORY**

A laboratory experience to support CHEM 14203. Formerly CHM 1121.

**Credits 1****Lecture Hours 0****Lab Hours 3****ACTS Equivalency Course ID**

CHEM 1424

**Corequisites**

CHEM 14203

**CHEM 14203 : COLLEGE CHEMISTRY II**

The second course of a two-semester sequence for chemistry majors, other science majors and pre-professional students. Concepts covered include liquids, solutions, solids, acids, bases, salts, redox reactions, thermodynamics, kinetics, and equilibrium reactions. \*To take a science course without the corequisite or prerequisite, you must have the written approval of the instructor. College Chemistry II Lab CHEM 14201 required. Formerly CHM 1123.

**Credits 3****Lecture Hours 3****Lab Hours 0****ACTS Equivalency Course ID**

CHEM 1424

**Prerequisites**

MATH 11003

CHEM 14103

CHEM 14101

**Corequisites**

CHEM 14201

## College Success

**UNIV 10071 : FOUNDATIONS OF PERSONAL FINANCE**

This course introduces students to the importance of responsible money management both today and in the future. Topics include personal spending and budgeting, personal banking basics, credit scores, education financing, investing, retirement, and the financial decision making process. Formerly COL 1001.

**Credits 1****Lecture Hours 1****Lab Hours 0**

#### UNIV 10173 : STRATEGIES FOR COLLEGE SUCCESS

This course is an orientation designed to assist students in developing strategies for meeting the demands of college life. Topics include making the transition to college, becoming motivated for success, managing one's time more effectively, reading a textbook, taking lecture notes and examinations, making decisions, seeking and selecting a career, and locating and using various campus resources. Formerly COL 1003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## Computer Information Systems

#### CESC 21003 : SYSTEM SECURITY

This course covers the holistic concept of a cyber system of people, processes, technology and data organized as a unit, understanding how to develop security requirements and selection of controls to meet requirements. This course also addresses the security issues of connecting components and using them within larger systems. Formerly CIS 2313.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

#### **Prerequisites**

CESC 22363

CPSI 21563

#### CESC 22363 : INTRODUCTION TO CYBERSECURITY

This course provides a comprehensive overview of essential concepts to better understand cybersecurity. This course explores the risks, threats, and vulnerabilities associated with the digital world and introduces students to the principles of risk management, security standards, access controls, security audits, cryptography compliance laws and privacy issues. Formerly CIS 2233.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

#### CESC 22433 : NETWORK SECURITY

Analyzes security threats to modern networks and the methods used to secure networks against these threats. Topics include the setup and maintenance of boundary barriers; securing device access; using authentication, authorization, and accounting systems; implementing firewall technologies; implementing intrusion prevention systems; the use of cryptographic systems; implementing and securing remote access; and, the continuing management requirements of maintaining a secure network. Formerly CIS 2093.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

#### CPSI 10003 : INTRODUCTION TO COMPUTERS

Provides a fundamental orientation regarding what computers are and what they can do. Topics include computer hardware, data input and output, data representation, auxiliary storage, data files, operating systems, and application of software. Formerly CIS 1003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

#### **ACTS Equivalency Course ID**

CPSI 1003

#### CPSI 10363 : SURVEY OF COMPUTER TECHNOLOGY

Introduces modern technology across multiple disciplines, technology professions and career opportunities, and fundamental technology skills necessary to be successful in the computer technology field. Formerly CIS 1013.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

#### CPSI 10563 : COMPUTER SOFTWARE APPLICATIONS (Word Processing, Electronic Spreadsheet, Database, Presentation)

Provides instruction in the use of word processing, electronic spreadsheet, database, and presentation software for microcomputers. Students will become more familiar with microcomputer operations, operating systems and ways of solving everyday problems with word processing, electronic spreadsheet, database, and presentation software programs. Formerly CIS 1053.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**CPSI 10663 : DIGITAL LITERACY**

This course provides an introduction to the essential skills and knowledge necessary to navigate the digital world with confidence and proficiency. This course will cover a range of topics, including digital literacy, file and media management, communication and collaboration, information literacy and effective online research, cybersecurity and privacy, digital citizenship, and generative AI. Formerly CIS 1063.

**Credits 3****Lecture Hours 3****CPSI 11062 : SURVEY OF TECHNOLOGY**

This course covers a broad introduction to modern technology across multiple disciplines. Formerly CIS 1102.

**Credits 2****Lecture Hours 2****Lab Hours 0****CPSI 11163 : DIGITAL MEDIA**

This course introduces students to the fundamentals of audio and visual media. Students learn the techniques, and technologies used in the production, distribution, and monetization of digital media and learn to understand, analyze, and implement them from business purposes. Formerly CIS 1103.

**Credits 3****Lecture Hours 3****Lab Hours 0****CPSI 12063 : USER INTERFACE AND HUMAN INTERACTION**

This course studies human factors of interactive software, interactive styles, design principles and considerations, development methods and tools, interface quality and evaluation methods. Formerly CIS 1203.

**Credits 3****Lecture Hours 3****Lab Hours 0****CPSI 19061 : MAKING CONNECTIONS IN COMPUTER TECHNOLOGY**

An introductory course for the UACCB CPSI students. This course will introduce professions in technology, fundamental tech skills and the skills necessary to be successful in the CPSI program. Formerly CIS 1901.

**Credits 1****Lecture Hours 1****Lab Hours 0****CPSI 20263 : DATABASE FUNDAMENTALS**

This course introduces students to database design, management concepts, and theory. SQL and NoSQL database will be covered. Formerly CIS 2023.

**Credits 3****Lecture Hours 3****Lab Hours 0****CPSI 21062 : EMERGING TRENDS IN TECHNOLOGY**

This course explores the current and potential future impacts of new, emerging, and rapidly evolving technologies on organizations and their operations across a range of industries and sectors. Formerly CIS 2102.

**Credits 2****Lecture Hours 2****Lab Hours 0****CPSI 21164 : COMPUTER TECHNOLOGY CAPSTONE**

Culminating project-based experience that applies the knowledge and skills developed in previous courses towards the design, implementation, testing, documentation, and presentation of a specific idea, task, or product. Each Student's specific outcomes will depend on the skills that they bring to the course, the type of project that they participate in, and the role they play on the project team. Formerly CIS 2104.

**Credits 4****Lecture Hours 4****Lab Hours 0****CPSI 21563 : FUNDAMENTALS OF PROGRAMMING**

This course covers the fundamentals of modern programming by introducing students to basic programming techniques, data types, functions, arrays, problem analysis and programming methodologies. Formerly CIS 2153.

**Credits 3****Lecture Hours 3****Lab Hours 0****Prerequisites**

[ACT Math Score of 17 or Accuplacer Next Generation](#)

[QAS Score of 249-263](#) **OR** "C" in MATH 10103 Technical Math

**CPSI 22063 : COMPUTER ETHICS**

The course introduces the fundamental ethical, legal and social issues and questions in computer science that call for ethical analysis. Formerly CIS 2203.

**Credits 3****Lecture Hours 3****Lab Hours 0****CPSI 22263 : SURVEY OF OPERATING SYSTEMS**

This course will enable the student to explain the role of an operating system in modern computing. The use, hardware requirements, hardware components, software compatibility, and system installation topics are covered for Linux, MacOS, Windows and mobile operating systems. Formerly CIS 2223.

**Credits 3****Lecture Hours 2****Lab Hours 2**

**CPSI 22463 : LINUX OPERATING SYSTEM**

This course introduces the Linux/UNIX family of operating systems. Basic commands, utilities, system structures, scripting and tools are explored. Linux/UNIX history and philosophy are covered as well. Formerly CIS 2243.

## Cosmetology

### COSM 10118 : COSMETOLOGY I

This course is one of a series of three courses required to prepare persons to take the Arkansas State Board of Health's Cosmetology Section's cosmetology state licensure examination. Major topics include hygiene and sanitation; related sciences; and, hairdressing. Formerly COS 1118.

**Credits 18**

**Lecture Hours 4**

**Lab Hours 14**

### COSM 10218 : COSMETOLOGY II

This course is one of a series of three courses required to prepare persons to take the Arkansas State Board of Health's Cosmetology Section's cosmetology state licensure examination. Major topics include manicuring, aesthetics, and hairdressing. Formerly COS 1218.

**Credits 18**

**Lecture Hours 4**

**Lab Hours 14**

### COSM 13006 : COSMETOLOGY III

This course is one in a series of three courses required to prepare persons to take the Arkansas State Board of Health's Cosmetology Section's state licensure examination. Major topics include salesmanship and shop management; shop department; and, hairdressing. Formerly COS 1306.

**Credits 6**

**Lecture Hours 1**

**Lab Hours 5**

### COSM 21009 : COSMETOLOGY INSTRUCTOR I

This course is the first of two courses which includes the first 300 practical hours of 600 total needed to complete this certificate program. This course is required as a prerequisite to qualify for the cosmetology instructor licensure examination by the Arkansas Department of Health Cosmetology Section. Formerly COS 2109.

**Credits 9**

**Lecture Hours 1**

**Lab Hours 5**

**Prerequisites**

Licensed Cosmetologist.

### COSM 22009 : COSMETOLOGY INSTRUCTOR II

This course is the second of two courses which includes the second 300 practical hours of 600 total needed to complete this certificate program. This course is required as a prerequisite to qualify for the cosmetology instructor licensure examination by the Arkansas Department of Health Cosmetology Section. Formerly COS 2209.

**Lecture Hours 9**

**Lab Hours 1**

**ECED 11003 : CHILD GROWTH AND DEVELOPMENT**

This course is the study of environmental and hereditary effects on the cognitive, affective, psychomotor, and sociolinguistic development of typically and atypically developing children from conception to middle childhood (conception through age 8) with diverse cultural backgrounds within and outside of the United States. The students will be introduced to methods used to observe and evaluate children's development and recognize possible delays in development. Practical application of theory is provided through a variety of hands-on experiences and observations. Formerly ECE 1103.

**Credits 3**

**Lecture Hours 9**

**Lab Hours 1**

**ECED 12043 : ENVIRONMENTS FOR YOUNG CHILDREN**

This course is designed to provide the student with a broad knowledge base on how to design a program for children developing both typically and atypically. The course provides the opportunity to plan environments that are physically and emotionally secure. Students plan and implement activities that are age, stage and culturally appropriate for children birth to five. Formerly ECE 1203.

**Credits 3**

**Lecture Hours 9**

**Lab Hours 1**

**ECED 13003 : FIELD EXPERIENCE**

Students are required to demonstrate competency in the following areas: health and safety, interaction with children, implementation of curriculum, personal qualities, professionalism and working with staff. These are aligned to NAEYC Associate Degree Standards. Students are required to respond to weekly journals through the Blackboard Online System. Students are also required to complete a minimum of 96 clock hours of observation and working with young children. Of those 96 clock hours, 13 hours of observation are required in additional mandatory childcare sites. Students must have completed the required paperwork for these observations and be employed or volunteer in a licensed childcare facility in order to apply the skills learned in the previous three courses. Observation of the student's work and evaluation of student skills are conducted by instructors. Formerly ECE 1303.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ECED 23043 : PRACTICUM**

Students must be employed or volunteer in a licensed childcare facility to apply the knowledge acquired and skills learned in previous coursework. Observation of the student's work and evaluation of student skills are conducted by instructors following the NAEYC Associate Standards. Students must demonstrate competency in all areas observed and complete a minimum number of clock hours, determined by the institution, of observation and work experience with children birth to five. An emphasis will be on the observation of physical, cognitive, language, social and emotional development in connection with previous courses. If not currently working in a child care facility the student will be assigned a specific site to volunteer, observe and be observed by the early childhood instructor. The sites will be chosen by the instructor in relation to where the students live and the quality of the programs. Formerly ECE 2303.

**Credits 3****Lecture Hours 3****Lab Hours 0****ECED 29243 : LITERACY AND LANGUAGE ARTS FOR EARLY CHILDHOOD**

This course is designed to make the early childhood educator aware of the acquisition of language and how to provide children birth through pre-kindergarten, including children with special needs with language rich environments by incorporating the four areas of language: speaking, listening, writing and reading. Formerly ECE 2923.

**Credits 3****Lecture Hours 3****Lab Hours 0****ECED 29443 : MATH AND SCIENCE FOR EARLY CHILDHOOD**

Students will become familiar with a variety of ways to introduce children Birth through pre-kindergarten, including children with special needs to ideas and concepts related to math and science. Students will create activities; plan and practice developmentally appropriate experiences that would meet recognized standards (NAEYC, NCTM, etc.) for these areas. Formerly ECE 2943.

**Credits 3****Lecture Hours 3****Lab Hours 0****ECED 29643 : HEALTH SAFETY AND NUTRITION**

This course focuses on the health, safety and nutritional guidelines for children, birth through eight years of age, child care licensing requirements and activity planning. Emphasis is placed on establishing safe, quality learning environments and practices that respect the diversity of settings, families and teachers who care for young children. Formerly ECE 2963.

**Credits 3****Lecture Hours 3****Lab Hours 0****ECED 29743 : SPECIAL NEEDS**

This course relate s principles of child development to appropriate methods of guiding children's behavior for children Birth through pre-kindergarten, including children with special needs. Techniques for managing groups of children in the various childcare settings are practiced. Formerly ECE 2973.

**Credits 3****Lecture Hours 3****Lab Hours 0****ECED 29943 : FUTURE PERSPECTIVES IN EARLY CHILDHOOD (capstone course)**

This course introduces students to current research in the field of Early Childhood education. Students will develop a knowledge base of the NAEYC Code of Conduct through analyzing case studies designed to demonstrate competencies compatible with current research and practice, development of a professional portfolio to demonstrate competencies in the skills relating to the NAEYC Associate Degree Standards. Formerly ECE 2993.

**Credits 3****Lecture Hours 3****Lab Hours 0****Semester Offered**

Spring of last semester only

## Economics

### ECON 21003 : MACROECONOMICS

Provides an overall view of how economic systems operate. Topics include aggregate production, income, and expenditures, fiscal and monetary policy, inflation and unemployment, and money and banking. Students gain an awareness of economic problems and analyze alternative solutions. Formerly ECN 2013.

**Lab Hours 0**

### EDHP 20393 : TEACHING PHYSICAL EDUCATION

This course is designed to help students understand the need for an effective K – 6 physical education program. It will provide the prospective PK-6 school classroom teacher, as well as the PK-6 physical education specialist, with a knowledge base in the principles of physical fitness, elementary physical education curriculum planning and appropriate selection of physical activities for children. The students will be working with hands-on projects integrating the discipline of physical education and other curriculum subjects found in grades PK-6. Proper nutrition for the elementary student will also be discussed. Formerly EDU 2033.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### EDHP 20493 : CHILDREN'S LITERATURE IN ELEMENTARY

This course focuses on the evaluation and selection of developmentally appropriate texts from the various genres in children's literature. Students will learn to use effective instructional practices and resources for teaching children and adolescents to read and respond critically to literary texts. Formerly EDU 2043.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### EDHP 21063 : INTRO TO K12 EDUCATIONAL TECHNOLOGY

This course is designed to provide students with an overview of the technologies that can enhance teaching and learning. Students will use the computer as a tool to design educational materials, perform classroom management tasks, enhance instruction, communicate and research. Formerly EDU 2103.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## Emergency Medical Technician

### EMSC 11007 : BASIC EMERGENCY MEDICAL TECHNICIAN

An introduction to the study of emergency medical services and the basic principles, procedures and techniques of emergency care. Successful completion of this course prepares students to apply for the National Registry EMT-B Examination. Formerly EMT 1107.

**Credits 7**

**Lecture Hours 6**

**Lab Hours 3**

**Corequisites**

ALHE 10503

Must complete ALHE 10503 as a pre-requisite or co-requisite with a grade of "C" or higher.

### EMSC 20114 : PARAMEDIC I

A fifteen week course designed to introduce the Paramedic Student to Advanced Prehospital Care. Paramedic I is designed to prepare the emergency medical student to perform advanced life support skills; specifically, the recognition of Dysrhythmias and Advance Cardiac Life Support Certification. The class will prepare the student for the skills needed to properly start and administer intravenous medications, endotracheal intubations will be taught in this section with the use of emergency meds administered via the endotracheal airway. Along with skills completion, the paramedic student will be introduced to communication and proper documentation of patient assessment. During this course, the student will begin the field portion of the Paramedic program. A minimum of 200 hours riding time will be required before advancing to Paramedic II. Students will document all field and clinical time through an electronic tracking program. Formerly EMT 2014.

**ENGL 10094 : WRITING FOR THE WORKPLACE**

Writing for the workplace is a course designed specifically for those students who are earning technical certificates and Career and Technical Education (CTE) AAS degrees. This course is UACCB-specific and will not transfer to another institution, nor will the course transfer for any non-CTE AA or AS degree. This course is a college-level, four credit course that tightly focuses on technical writing for the workplace while reviewing foundational reading and writing elements. Students will participate in active/hands on learning projects which focus on only the technical writing these students will need upon entering the workforce. Formerly ENG 1004.

**Credits 4**

**Lecture Hours 4**

**Lab Hours 0**

**Prerequisites**

ENGL 00203

Must complete all pre-requisites with a grade of "C" or higher

**OR** a minimum ACT English score of 16 or have equivalent placement test score

**ENGL 10103 : ENGLISH COMPOSITION I**

Students improve their writing skills through study and practice of fundamentals of written communication, including principles of grammar, punctuation, spelling, organization, and careful analytical reading. Formerly 1103.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

ENGL 1013

**Prerequisites**

ENGL 00203

Must complete all pre-requisites with a grade of "C" or higher

**OR** college level placement scores in English **or** writing and reading

**ENGL 10203 : ENGLISH COMPOSITION II**

Students continue the practice of ENGL 10103 (English Composition I) to develop further the skills learned in that course. Using readings and discussion of various types of writing, students will practice different kinds of rhetorical development, including research and documentation. Formerly ENG 1203.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

ENGL 1023

**Prerequisites**

ENGL 10103

Must complete all pre-requisites with a grade of "C" or higher.

**ENGL 20103 : CREATIVE WRITING**

Students develop creative perception, thinking, and imagination in writing fiction and poetry. Students will have their work read and critiqued in a workshop format as well as in conference with the instructor.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

ENGL 2013

**Prerequisites**

ENGL 10103

**ENGL 20203 : TECHNICAL WRITING**

Students learn the basic principles of technical report research, organization, and writing. Assignments include writing proposals, progress reports, and technical articles. Formerly ENG 1303.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

ENGL 2023

**Prerequisites**

ENGL 10094

ENGL 10103

Must complete one pre-requisite with grade of "C" or higher.

**ENGL 21103 : WORLD LITERATURE I**

Students analyze and interpret literary works from several historical periods ranging from early civilizations through the Renaissance. English Composition I strongly recommended. Formerly ENG 2113.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

ENGL 2113

### ENGL 21203 : WORLD LITERATURE II

Students analyze and interpret literary works from several historical periods ranging from the Renaissance to the present. English Composition I strongly recommended. Formerly ENG 2213.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

ENGL 2123

### ENGL 26093 : MYTHOLOGY

This course surveys notable myths of the Greeks, Romans, and Norse. Students will develop greater understanding of the stories – the myths – as religious texts, as national epics, as part of western culture, and as literary works enjoyable in themselves. Formerly ENG 2603.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### ENGL 26503 : AMERICAN LITERATURE I

American Literature I students will analyze and interpret literary works from the 1400's to 1865. Students will study American authors and the philosophies represented in their works. English Composition I strongly recommended. Formerly ENG 2503.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

ENGL 2653

### ENGL 26603 : AMERICAN LITERATURE II

American Literature II is a continuation of American Literature I. Students will analyze and interpret works from 1865 to present literature. American Literature I is not a prerequisite for American Literature II. English Composition I strongly recommended. Formerly ENG 2153.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

ENGL 2663

## Entrepreneurship

### BUSI 10033 : INTRODUCTION TO ENTREPRENEURSHIP

An introduction to the role of entrepreneurial businesses in the US, the impact of entrepreneurial businesses on the US and global economy, how ideas become businesses, how entrepreneurs operate within a company and the general precepts of entrepreneurial businesses. Formerly ETR 1003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### BUSI 20033 : PROFESSIONAL SELLING/ADVERTISING

A course specifically designed to teach the tools of professional selling and advertising methods. Students will learn successful sales techniques for retail and non-retail customers, how to develop an advertising program for products and services and the appropriate medium to use. Formerly ETR 2003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Prerequisites**

MKTG 20003

ENGL 10103

BUSI 10033

### BUSI 21303 : FEASIBILITY AND FUNDING

This course will provide the essential skills for students to evaluate and explore strategies for entrepreneurial opportunities in the marketplace and to successfully evaluate the funding and feasibility of those opportunities. Formerly ETR 2033.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## Fine Arts - Music

### MUSC 10003 : MUSIC

For listeners who have had no formal training or experience, this course provides an introduction to music. The principal purpose is the development of listening skills. Formerly FAM 2003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

MUSC 1003

## Fine Arts - Visual Art

### ARHS 10003 : VISUAL ART

Students encounter visual art in many media to develop their artistic perception, understanding, and pleasure. Formerly FAV 2023.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

ARTA 1003

### ARTS 10003 : DRAWING I

This is an introductory course in the materials and techniques of drawing, including basic concepts of line, perspective, and value. Techniques will be developed with the study of still life, perspective, portraits, and figures, while special projects encourage creative expression. Formerly FAV 1003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### ARTS 10203 : DRAWING II

This course is a continuation of Drawing I, furthering technical mastery of materials while developing creative expression. Formerly FAV 1023.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Prerequisites**

ARTS 10003

### ARTS 10303 : INTRODUCTION TO PAINTING

Color theory and two-dimensional design problems will be addressed while exploring basic watercolor and acrylic painting techniques. Formerly FAV 1033.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Prerequisites**

ARTS 10003

Must complete one pre-requisite course.

### ARTS 14003 : PAINTING II

Painting II is a continuation of Introduction to Painting I, deepening the student's understanding of color and design, creating images with impact and expressive content. Both opaque and transparent painting techniques will be explored. Formerly FAV 1043.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Prerequisites**

ARTS 10303

### ARTS 21003 : PHOTOGRAPHY

This hands-on course covers the basics of photography, from the operation of both film and digital cameras, to concepts in composition and lighting, and an introduction to darkroom work. Formerly FAV 2103.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Prerequisites**

CPSI 11163

**Corequisites**

CIS 2103 (Advanced Computer Graphics)

## Fine Arts – Theater

### THTR 10003 : THEATER

This course provides students with an appreciation of how various artistic elements combine to produce theatrical productions. Formerly FAT 2013.

DRAM 1003

## Geography

### GEOG 21103 : INTRODUCTION TO CULTURAL GEOGRAPHY

This course is a study of interaction among cultures and physical environments to develop students' understanding of local and global social issues such as economics, language, population, politics, and religion. Formerly GEO 2003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ACTS Equivalency Course ID**

GEOG 2113

## Geology

### GEOL 11101 : PHYSICAL GEOLOGY LAB

Provides a laboratory experience to support GEOL 11103. Students will identify basic minerals, fossils, and rocks, their origins and economic values. Geologic map reading will be practiced. Students will be able to identify geologic structures on maps and photos. Field trips will enhance the lab experience. Formerly GEL 1001.

**Credits 1**

**Lecture Hours 0**

**Lab Hours 2**

**ACTS Equivalency Course ID**

GEOL 1114

**Corequisites**

GEOL 11103

### GEOL 11103 : PHYSICAL GEOLOGY

Introduces geologic concepts including plate tectonics, volcanism, earthquakes, mountain building, glaciation, and hydrologic processes. Students will identify basic minerals and rocks. The rock cycle and its effect on sedimentary, igneous, and metamorphic rocks will be explored. Relationships to Arkansas geology will be featured. Formerly GEL 1003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### HIMT 20063 : HEALTH DATA CONTENT

This course covers the standards for patient and health care data; data collection issues and documentation requirements; data access and retention. Formerly HIT 2003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## History

### HIST 11103 : WORLD CIVILIZATION I

This course provides an introduction to the history of World Civilization from the dawn of time to the Early Modern era. Students will be introduced to the process of historical inquiry and will be expected to develop skills in logical reasoning as to how and why certain events took place, how they affected society, and how they impact the present. English Composition I strongly recommended. Formerly HIS 1013.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### HIST 25503 : ARKANSAS HISTORY

Arkansas History explores the history of Arkansas from the prehistoric era to the modern era. Emphasis will be placed on the 18th century to the present. While focusing on the development of Arkansas, there will also be some introduction to American history and the interconnection of ideas, thoughts, and events. Connections will be made between the development of institutions and the course of events occurring during this period and the current worldview. English Composition I strongly recommended. Formerly HIS 2053.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## Industrial Technology

### AMST 20303 : COMPUTER AIDED DRAFTING AND DESIGN (CADD)

AutoCAD is a shortened term for automated computer-aided drafting. The course introduces students to 3D modeling in CAD software environments. Students familiarize themselves with 2D and 3D CAD modeling commands, files, menus and tools. Course expectations require students to proficiently draft, modify, and transfer CAD files. Students utilize CAD files to produce tangible products. Formerly IND 2033.

**Credits 3**

**Lecture Hours 1**

**Lab Hours 2**

### AMST 20403 : FLUID POWER

This course provides theory and hands-on experience with the operations of fluid power systems (hydraulic and pneumatic). Troubleshooting, repair, and design considerations are key components of the course. Laboratory trainers are used to design, build, test, and experiment with hydraulic and pneumatic circuits. Formerly IND 2043.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Corequisites**

MATH 10103

Or higher level math course

### AMST 20504 : PROGRAMMABLE LOGIC CONTROLLERS

This course introduces control fundamentals and logic control concepts used in programming and operating Programmable Logic Controllers used in industrial processes. A computer-based simulator using LogixPRO software is used to provide initial training on Allen Bradley PLCs. The course introduces math functions, logic and bit shift instructions, compare and jump instructions, subroutine functions, and sequencer instructions. In addition to the computer-based simulator, live simulators are used in laboratories to practice programming, wiring, and operating live PLCs with input and output devices. Formerly IND 2054.

**Credits 4**

**Lecture Hours 2**

**Lab Hours 2**

**Prerequisites**

MATH 10103

Or higher level math course.

### AMST 21303 : ROBOTICS

In this course students will become familiar with Embedded Robotics. Students will learn programming of embedded controllers, interfacing of sensors (inertial measurement unit, light & color, and color video camera), the actuation of servo motors, serial communications, and the control of autonomous robotics systems. Students will practice lower-level programming using the C language. Concepts and methodologies will be demonstrated in class with sample code and the students will expand on these further during in class excesses. Upon completion of this course, students will have an integrated hardware/software understanding of embedded robotic systems in preparation for application in the workplace. Formerly IND 2133.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Corequisites**

TECH 10353

**AMST 22333 : INTRODUCTION TO CNC MACHINERY**

This course introduces the concepts and capabilities of computer numerical control machines. Topics include setup, operation, and basic applications. Upon completion, students should be able to explain operator safety, machine protection, data input, program preparation, and program storage. Formerly IND 2233.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**CTTE 14004 : COMPACT TRACK EXCAVATOR OPERATOR**

The compact excavator operator course is designed for entry level operators. Training includes classroom and in-the-field activities covering: safety, walkaround inspections, operator's compartment, startup/shut down procedures, basic operating procedures based on industry requirements and basic earthmoving fundamentals. Students will demonstrate concepts and skills to operate equipment safely and proficiently. Formerly IND 1404.

**Credits 4**

**Lecture Hours 1**

**Lab Hours 8**

**CTTE 14104 : COMPACT TRACK LOADER OPERATOR**

The compact track loader operator course is designed for entry level operators. Training includes classroom and in-the-field activities covering: safety, walkaround inspections, operator's compartment, startup/shut down procedures, basic operating procedures based on industry requirements and basic earthmoving fundamentals. Students will demonstrate concepts and skills to operate equipment safely and proficiently. Formerly IND 1414.

**Credits 4**

**Lecture Hours 1**

**Lab Hours 8**

**CTTE 14204 : TRACK DOZER OPERATOR**

This course is intended for entry level operators with less than three years experience operating Track Dozers or related equipment. The objectives of the course are to ensure trainees are competent in general machine maintenance, safe operation, and performing basic excavating procedures. Participants can expect to learn information presented by their instructor online, in-class, and through field demonstrations. Formerly IND 1424.

**Credits 4**

**Lecture Hours 4**

**Lab Hours 0**

**CTTE 14303 : CRANE OPERATOR**

This course is designed for entry-level and experienced industrial and construction technicians interested in becoming certified crane operators. The objectives of the course are to ensure trainees are competent in general machine maintenance, safe operation, and performing basic rigging procedures. Although a Commercial Driver's License (CDL) is not a prerequisite for this course, participants are required to possess at least a Class B CDL to drive the crane truck. Participants can expect to learn information presented by their instructor online, in-class and through field demonstrations. Formerly IND 1433.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**HVAC 10503 : HVAC FUNDAMENTALS**

This course is structured for students interested in employment as an HVAC Technician working on residential HVAC systems. Students will study HVAC fundamentals, HVAC science, refrigeration systems and components, refrigeration practices, HVAC electrical safety, air conditioning systems, heating systems, heat pump systems, and Environmental Protection Agency (EPA) 608 requirements. Students gain hands-on experience with a variety of HVAC trainers, residential HVAC equipment, and tools used by HVAC technicians in the field. Shop procedures are explained, constantly emphasized, and strictly enforced. Students will have an opportunity to certify as HVAC Technicians by completing the EPA 608 Certification Test. Formerly IND 1053.

**Credits 3**

**Lecture Hours 2**

**Lab Hours 1**

**HVAC 11503 : HVAC CONTROLS**

This course provides advanced training for students interested in employment as an HVAC Technician working on residential HVAC systems. Building on the HVAC Fundamentals course, students will focus on electrical components used to control residential HVAC processes and equipment. Students will study HVAC fundamentals, HVAC electrical systems and components, air conditioning system controls, heating system controls, and heat pump system controls. Students gain hands-on experience with a variety of HVAC trainers, residential HVAC equipment, and tools used by HVAC technicians in the field. Shop procedures are explained, constantly emphasized, and strictly enforced. Formerly IND 1153.

**Credits 3**

**Lecture Hours 1**

**Lab Hours 2**

**Prerequisites**

TECH 10453

HVAC 10503

**HVAC 12503 : HVAC TROUBLESHOOTING**

This course provides advanced training for students interested in employment as an HVAC Technician working on residential HVAC systems. Building on the HVAC Controls course, students will focus on malfunctions, troubleshooting, and repair of mechanical, electrical, and control components found in residential HVAC systems. Students will complete additional studies in HVAC electrical systems and components, air conditioning system controls, heating system controls, heat pump system controls, and installation, maintenance, servicing, and troubleshooting HVAC components. Students gain hands-on experience with a variety of HVAC trainers, residential HVAC equipment, and tools used by HVAC technicians in the field. Shop procedures are explained, constantly emphasized, and strictly enforced. Formerly IND 1253.

**Credits 3**

**Lecture Hours 1**

**Lab Hours 2**

**Prerequisites**

HVAC 11503

**MSTE 10147 : CNC OPERATOR I**

CNC Operator I prepares students for entry into the CNC machining industry. Students explore career opportunities and requirements of a CNC Operator. Content emphasizes beginning skills key to the success of working in the CNC machining industry. Students study workplace safety and organization, job-related mathematics, basic blueprint information, metrology, work holding and tool set-up, CNC control panels, and basic machine maintenance and troubleshooting as each apply to CNC lathe operations. Formerly IND 1017.

**Credits 7**

**Lecture Hours 2**

**Lab Hours 5**

**MSTE 10237 : CNC OPERATOR II**

CNC Operator II is designed to build on the skills and knowledge students learned in CNC Operator I for entry into the machining industry. Content emphasizes beginning skills key to the success of working in the CNC machining industry. Students study workplace safety and organization, geometric dimension and tolerance, work holding and tool set-up, CNC control panels, and basic machine maintenance and troubleshooting as each apply to CNC milling operations. Formerly IND 1027.

**Credits 7**

**Lecture Hours 2**

**Lab Hours 5**

**Prerequisites**

MSTE 10147

**MSTE 10337 : CNC PRODUCTION TECHNICIAN I**

CNC Production Technician I is designed to build on the skills and knowledge students learned in the Certificate of Proficiency for CNC Operators. Students explore the importance of employability and entrepreneurship skills, solve problems using critical thinking, creativity and innovation; demonstrate inspection methods, select appropriate cutting tools, perform advanced set and operation of a CNC machine, and demonstrate basic computer-aided design/computer-aided manufacturing processes as it relates to CNC lathe operations. Formerly IND 1037.

**Credits 7**

**Lecture Hours 2**

**Lab Hours 5**

**Prerequisites**

MSTE 10237

**MSTE 10437 : CNC PRODUCTION TECHNICIAN II**

CNC Production Technician II is designed to build on the skills and knowledge students learned in CNC Production Technician I. Students demonstrate leadership and teamwork skills; solve problems using critical thinking, creativity and innovation; demonstrate inspection methods, select appropriate cutting tools, perform advanced set up and operation of a CNC milling machine, and demonstrate basic computer-aided design/computer-aided manufacturing processes as it relates to CNC milling operations. Formerly IND 1047.

**Credits 7**

**Lecture Hours 2**

**Lab Hours 5**

**Prerequisites**

MSTE 10337

**TECH 10153 : TECHNICAL METHODS**

Introduces professional concepts and skill-sets required for successful careers in the disciplines of Industrial and Construction Technology. Students will be expected to demonstrate competencies in basic safety, construction mathematics, hand tools, power tools, construction drawings, material handling, basic rigging, basic communication skills, as well as basic employability skills. Formerly IND 1004.

**Credits 3**

**Lecture Hours 2**

**Lab Hours 1**

**TECH 10253 : ENGINEERING DRAWINGS**

This course provides instruction in the interpretation of mechanical part drawings, electrical schematic drawings, process piping and instrumentation diagrams, and other common drawings used in industry. Introduction to drawing tools and practice in drawing sketches are done in a lab setting. Formerly IND 1023.

**Credits 3**

**Lecture Hours 1**

**Lab Hours 2**

**TECH 10353 : DC ELECTRICITY**

This course introduces the principles of DC electricity to include voltage, current, and resistance. Engineering notation, use of metric prefixes, and algebraic analysis of series and parallel circuits are taught. Laboratory experiments teach use of a digital multi-meter to test components and to analyze circuits. Formerly IND 1033.

**Credits 3**

**Lecture Hours 2**

**Lab Hours 1**

**TECH 10453 : AC ELECTRICITY**

This course introduces the principles of AC electricity to include capacitance and inductance. Series and parallel AC circuits are analyzed mathematically and in laboratory experiments. Instruction in the use of digital multi-meters and the use of oscilloscopes is conducted in class and in laboratories. Formerly IND 1043.

**Credits 3**

**Lecture Hours 2**

**Lab Hours 1**

**Prerequisites**

TECH 10353

**TECH 20053 : INDUSTRIAL SAFETY**

This course provides the opportunity for students to explore the development of the safety and health movement in the United States. The course focuses on identification of the causes and effects of accidents in the industrial workplace and covers several important safety topics including the Occupational Safety and Health Administration (OSHA), ergonomic factors, common hazards found in the workplace, and the roles of managers and health and safety personnel concerning industrial safety. Formerly IND 2003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**TECH 20153 : ELECTRIC MOTOR CONTROL**

This course provides theory and hands-on experience with electric motor controls. Topics include single and three-phase AC and DC motors, motor control circuits, wiring practices, control hardware, safe work practices, troubleshooting skills, and use of specialized electrical tools. Lab experiments will include variable speed drives and AC inverter duty motors. Formerly IND 2013.

**Credits 3**

**Lecture Hours 2**

**Lab Hours 1**

**Prerequisites**

TECH 10453

**TECH 21054 : INDUSTRIAL TECHNOLOGY CAPSTONE**

This course provides an opportunity for students to demonstrate mastery of a broad range of learning objectives and outcomes from the Industrial Technology program at UACCB. The course provides instruction in process control and control fundamentals and presents students with problems requiring teamwork and integration of previous learning in electrical, mechanical, and electronics disciplines. Course assessments focus on application of applicable theory, requiring analysis and synthesis of Industrial Technology knowledge and skills in a laboratory environment. The course also focuses on Industrial Technology as a career by preparing students for employment through online job searches, preparation of resumes, site visits, and job fairs. Formerly IND 2104.

**Credits 4**

**Lecture Hours 1**

**Lab Hours 3**

**Prerequisites**

Enrolled in second year of the AAS degree in Industrial Technology.

**TECH 24303 : MECHANICAL DRIVE SYSTEMS**

This comprehensive course covers installation, troubleshooting, alignment and adjustment techniques and issues. In addition to mechanical drives, this course covers lubrication and how to use, read, and understand various measuring instruments and devices. Formerly IND 2433.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Prerequisites**

MATH 10103

Or higher level math course

**TRDR 19107 : COMMERCIAL VEHICLE DRIVING**

The commercial vehicle driving course prepares students for entry into the trucking and logistics industry. Students explore career opportunities and requirements of a professional tractor trailer driver. Students study vehicle safety, accident prevention, operating regulations, cargo handling, documentation procedures, pre-trip preparation, vehicle inspection, maintenance, service, control procedures, backing, coupling, uncoupling, maneuvering, road and hazardous driving skills, and licensing requirements. Formerly IND 1917.

**Credits 7**

**Lecture Hours 2**

**Lab Hours 13**

**WELD 10084 : INTRODUCTION TO THERMAL CUTTING**

Introduction to Thermal Cutting is purposed to provide secondary area career center welding students with the pre-requisite knowledge, skill-sets, and required time on task to be academically successful in WELD 11084-Welding I. This course is structured for students interested in learning the tools and equipment required to be an entry level employee in the welding industry. Students will gain hands-on experience with welding safety, oxyfuel cutting, plasma arc cutting, air-carbon arc gouging, base metal preparation and equipment set-up. This course requires students to wear several items of personal protection equipment. Contact the course instructor for the required list of welding equipment. Shop procedures are strictly enforced to maintain a safe and efficient learning environment. Formerly IND 1004.

**Credits 4****Lecture Hours 1****Lab Hours 3****WELD 11084 : WELDING I**

This course is structured for students interested in employment as a production welder, in fabrication, or in a repair shop. Students will study welding safety, career opportunities, metallurgy, welding equipment and processes, welding electrical theory, and welding drawing/welding symbol interpretation. Students gain hands-on experience with basic Oxyfuel gas welding and cutting, Plasma Arc cutting, and Shielded Metal Arc Welding (SMAW) in the American Welding Society 1G/F, 2G/F, 3G/F, and 4G/F positions on carbon steel. Welding skills will be developed and assessed making SMAW stringer, weave, and overlapping beads, corner welds, fillet welds, V-groove welds, and open-root V-groove welds. This course requires students to wear several items of personal protection equipment. Shop procedures are explained, constantly emphasized, and strictly enforced. Students will have an opportunity to certify as American Welding Society Level I - Entry Welder, SMAW, Plate.

**Credits 4****Lecture Hours 1****Lab Hours 7****WELD 12084 : WELDING II**

This course provides additional training for students interested in employment as a production welder, in fabrication, or in a repair shop. Students will continue the study of welding safety, career opportunities, metallurgy, welding equipment and processes, welding electrical theory, and welding drawing/welding symbol interpretation. Students gain hands-on experience with Oxyfuel heating processes, Gas Metal Arc Welding (GMAW), Flux-Core Arc Welding (FCAW), and Gas Tungsten Arc Welding (GTAW) in the American Welding Society 1G/F, 2G/F, 3G/F, and 4G/F positions on carbon steel. Welding skills will be developed and assessed in GMAW and GTAW stringer beads, fillet welds, V-groove welds, and open-root V-groove welds. This course requires students to wear several items of personal protection equipment. Shop procedures are explained, constantly emphasized, and strictly enforced. Students will have an opportunity to certify as American Welding Society Level I - Entry Welder, GMAW, FCAW, and GTAW, Plate. Formerly IND 1204.

WELD 11084

**WELD 13084 : WELDING III**

This course provides advanced training needed for employment in production welding, in fabrication, in a repair shop, or in the electrical power industry. Students will complete studies in the areas of welding safety, career opportunities, metallurgy, welding equipment and processes, welding electrical theory, and welding drawing/welding symbol interpretation. Students gain hands-on experience in advanced Oxyfuel welding and cutting, Plasma Arc cutting, Shielded Metal Arc Welding (SMAW) and Gas Tungsten Arc Welding (GTAW) in the American Welding Society 1G-Rotated, 2G, 5G, and 6G positions on 2-inch carbon steel pipe. Welding skills will be developed and assessed in SMAW and GTAW Open-Root, V-Groove welds. This course requires students to wear several items of personal protection equipment. Shop procedures are explained, constantly emphasized, and strictly enforced. Formerly IND 1304.

## **MGMT 10153 : CUSTOMER RELATIONS MANAGEMENT**

Learn to develop customer relationships through a deepened understanding of the concepts and best practices. Students will develop customer relationships through understanding the benefits of customer relations; appreciating how technology can be used to help with customer relations; understanding challenges organizations face; knowledge of key decision variables; hands-on practice through case studies; and how to communicate effectively. Formerly MGT 1013.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## **MGMT 10253 : SOCIAL MEDIA MANAGEMENT**

Study the process of creating, scheduling, analyzing, and engaging with content posted on social media platforms. This process will include understanding what social media is; how to connect the consumer based on psychological and sociological perspectives; develop skills in social media tools; and understand social media channels to publish and distribute pertinent content. Formerly MGT 1023.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## **MGMT 20053 : PRINCIPLES OF LEADERSHIP**

Studying innovative ways of developing and managing people to emphasize their strengths. Students will develop these strengths through defining leadership behaviors; comparing different styles of leadership; identifying leadership characteristics; identifying problems and solutions; and distinguish between leadership and management. Formerly MGT 2003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## **MGMT 20153 : CONFLICT MANAGEMENT**

Conflict Management will introduce students to practical conflict resolution techniques and strategies that managers and team leaders can effectively utilize when managing conflict in the workplace. These techniques and strategies include the varying styles of managing conflict; appropriate response to ethical concerns; strategies for assigning work to others; effective decision-making practices in volatile business situations; responsibilities of human resource manager in conflict resolution; and laws related to discrimination, safety, et cetera as they relate to conflict. Formerly MGT 2013.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## **MGMT 20253 : PROJECT MANAGEMENT**

Develops a foundation of concepts and solutions that supports the planning, scheduling, controlling, resource allocation, and performance measurement activities required for successful completion of a project. The students will accomplish these skills utilizing technology; describing types of control techniques; recognizing the components of a project charter; understanding how to keep projects on track while managing risks; and developing an action plan. Formerly MGT 2023.

# Mathematics

## MATH 00131 : MATH SKILLS

This course provides an option for students who score a 17 or 18 on the mathematics portion of the ACT or an equivalent score on an approved placement examination to enroll concurrently in this course and MATH 11003 College Algebra. Also, students successively completing MATH 02043 Essentials of Math, with a "C" or higher, may take this course. Class will meet two hours per week and will provide students the concepts and mechanics needed for College Algebra. Students must complete this course with a grade of "C" or higher to receive their credit for MATH 11003 College Algebra. Students who do not remain in and pass this course will be administratively withdrawn from College Algebra. Formerly MTH 0011.

MATH 11003

## MATH 00201 : MATH FOR LIFE

This course provides an option for students who score between 12-18 on the mathematics portion of the ACT or an equivalent score on an approved placement examination to enroll concurrently in this course and MATH 11103 Quantitative Literacy. Students that complete MATH 02043 Essentials of Math, with a "C", may take Quantitative Literacy. Students that complete MATH 02043 Essentials of Math, with a "C", may take Quantitative Literacy and will be required to take this course, as a corequisite. This class meets two hours per week and provides students the support and concepts needed to be successful in Quantitative Literacy. Students must complete Math for Life with a grade of "C" or higher to receive credit for Quantitative Literacy. Students who do not remain in and pass Math for Life will be administratively withdrawn from MATH 11103. Formerly MTH 0021.

MATH 11103

## MATH 02043 : ESSENTIALS OF MATH

This course is designed to allow a student score a 12-16 on the ACT Math sub-score or an equivalent score on an approved placement examination, to go through the math remediation sequence in one semester. Students scoring lower than a 12 will be referred to Adult Education. This course will teach the topics, concepts, and mechanics from the required math remediation, to enable a student to be successful in College Algebra. A student that successfully completes this course with a "B" or higher, may take MATH 11003 College Algebra. A student making a "C" in this course may take College Algebra, with MATH 00131 Math Skills. Formerly MTH 0203.

## Medical Office Management

### **HIMT 20163 : LEGAL CONCEPTS IN HEALTH CARE**

Provides an overview of the principles of law as applied to health care. The course gives consideration to the importance of medical records as legal documents, to the legal aspects of health care organizations, to the release of information, and to consents and authorizations. Formerly MOM 2013.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

### **HIMT 20263 : MEDICAL DIAGNOSIS CODING AND BILLING**

Develops a working knowledge of general code matching and diagnosis assignments used in hospitals, clinics, and insurance offices for health-care industry. Emphasis is placed on purpose of coding, definitions of key terms, accurate application of coding principles and an overview of the impact of prospective reimbursement on the function of coding; principles of classification. Familiarization with standard coding references is provided (CPT, ICD-10). Formerly MOM 2023.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Recommended Prerequisites**

OFA 1053 (Medical Terminology).

### **HIMT 20363 : MEDICAL OUTPATIENT CODING AND BILLING**

This course is designed to develop a basic knowledge of how to apply the coding rules to bill for patient services. In addition, a variety of payment systems will be presented – DRG, APC, and RUGS. Formerly MOM 2033.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**Prerequisites**

HIMT 20263

## Nursing

### **ALHE 11043 : INTRODUCTION TO HEALTH PROFESSIONS**

This course provides a general overview of the many health-related professions and the special concerns of the health care worker. Formerly NAH 1103.

**Credits 3**

**Lecture Hours 2**

**Lab Hours 3**

**ALHE 11103 : FIRST AID AND CPR**

Students will learn the skills needed to respond to and manage an emergency until emergency medical services arrives. Skills covered in this course include first air; choking relief in adults, children, and infants; and what to do for sudden cardiac arrest in adults, children, and infants. Formerly NAH 1113.

**Credits 3**

**Lecture Hours 2**

**Lab Hours 3**

**ALHE 11203 : FIRST RESPONDER**

This course provides students with the core knowledge, skills and attitudes to function in the capacity of a first responder. The First Responder uses a limited amount of equipment to perform initial assessment and intervention and is trained to assist other EMS providers. Formerly NAH 1123.

**Credits 3**

**Lecture Hours 2**

**Lab Hours 3**

**ALHE 15037 : HEALTH SKILLS**

A study of concepts that serve as the foundation for health professions courses. Topics include client handling and safety issues, health documentation and methods, and care of the client in a long term care facility. With successful completion of this course, the student will be eligible to take the state certification exam and to apply for certification as a nursing assistant. CPR certification will also be obtained. This course follows guidelines established by the Office of Long Term Care. Formerly NAH 1507.

**Credits 7**

**Lecture Hours 6**

**Lab Hours 2**

**ALHE 16037 : PHLEBOTOMY**

This course prepares individuals, under the supervision of physicians and other health care professionals, to draw blood samples from patients using a variety of intrusive procedures. Includes instruction in basic vascular anatomy and physiology, blood physiology, skin puncture techniques, venipuncture, venous specimen collection and handling, safety and sanitation procedures, and applicable standards and regulations. Formerly NAH 1607.

**Credits 7**

**Lecture Hours 3**

**Lab Hours 4**

**ALHE 20033 : NUTRITION**

Covers the fundamentals of normal and clinical nutrition. Information regarding clinical nutrition is organized according to an organ system/disease states approach. Topics such as fitness, consumer concerns, cancer and AIDS are included. Formerly NAH 2003.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ALHE 20103 : HEALTH ASSESSMENT**

Provides learners with the opportunity to develop and practice health history taking and physical examination skills. History taking methodology, physical examination skills, health promotion techniques and clinical assessment tools are discussed. Age related assessment considerations and findings are reviewed. Upon successful completion of this course, students will be able to perform a comprehensive medical history and physical assessment. Student must hold a current RN license or be enrolled in the registered nursing program or obtain the instructor's permission. Formerly NAH 2013.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

**ALHE 23003 : PHARMACOLOGY**

This three credit hour course will examine how the body handles drugs and the effects of various classes of drugs on the body, including sites and mechanisms of action, therapeutic and side effect, and toxicology. The pharmacologic knowledge will prepare the learner to function in the changing health care environment. Successful and safe clinical practice is built on understanding the concepts and principles of pharmacology. The concepts of pharmacology will guide drug use in clinical practice. The approach is to relate the physiologic and pathophysiologic factors of disease processes to drug mechanisms and subsequent care. Formerly NAH 2303.

**Credits 3**

**Lecture Hours 3**

**Lab Hours 0**

## Office Administration

### ALHE 10503 : MEDICAL TERMINOLOGY

This course will provide the framework needed for advancing to other medical/allied health courses as it offers an introduction to medical terminology through the analysis of word construction including prefix, suffix, word roots, and combining forms. The student will acquire an understanding of medical meanings applicable to structure, function, and diseases of the human body. Abbreviations and their appropriate usage are also introduced. Upon completion of this course, students will gain the knowledge and abilities to confidently tackle the most complicated of medical terms and use this ability throughout their educational experiences and health-related careers. Formerly OFA 1053.

**Credits** 3

**Lecture Hours** 3

**Lab Hours** 0

## Philosophy

### PHIL 11003 : INTRODUCTION TO PHILOSOPHY

Students will explore the basic questions in philosophy to increase their ability to think for themselves and decide which answers to those questions they think are true and the most reasonable. Formerly PHI 1003.

## RN Program

### NURS 15008 : NURSING THEORY I

This introductory 16-week course provides a strong foundation in nursing practice with a focus on fundamental nursing concepts and medical-surgical care. Students will learn client-centered care, therapeutic communication, and professional standards. Students will also gain the knowledge and skills to provide compassionate and evidence-based nursing care. This course focuses on assessment of the client as well as the nursing process, roles of the ADN nurse, and skills basic to activities of daily living. Coping mechanisms, communication, nutrition, pharmacology, and drug administration are integrated throughout the course. Formerly NRN 1506.

### NURS 15105 : NURSING PRACTICUM I

This course introduces the student to basic psychomotor skills and hands-on learning experience centered on fundamental nursing concepts and medical-surgical care. Students will develop proficiency in basic foundational nursing skills, mastering essential techniques for providing care to culturally diverse adult clients in hospitals, outpatient centers, clinics, and skilled care facilities. Topics covered include medication administration, electronic health records, automated medication dispensing equipment, and the principles of client confidentiality under HIPAA regulations. Simulated lab practice and return demonstrations of related skills in addition to clinical experiences are utilized in this course. Simulation may be utilized in addition to clinical experiences in this course. Formerly NRN 1513.
